UNION BATTLE TO KEEP HOME WON IN COURT

Judge Knight Supports Adjustment Board's Ruling in Case

RESIDENTS FIGHTING CIO HAVE APPEAL REJECTED

Pottstown's major unions yesterday won their long legal fight to use a former home at 1304 High street for offices.

In a decision handed down by Montgomery County President Judge Harold G. Knight, the Court ruled that the borough board of adjustment had not made a mistake in granting a special exception in the residential district the past winter.

The CIO Joint Property committee, which owns the former home of Arthur Weitzel on behalf of the CIO unions, won the exception from the board the past winter.

Eight residents appealed to the court. There was a preliminary argument before the Court the past Spring and a final argument the past month.

The CIO group was permitted to use the property for office work while the dispute was being settled.

Through Attorney Julian W. Barnard, the residents contended the property was being used as a "business," which could not be granted an exception.

Through its attorney, Louis Sager, the CIO group contended the property was being used as headquarters for a "club," which can be granted an exception.

In his decision, Judge Knight cited the by-laws of the committee and said it "may well be termed a club within the meaning of the Pottstown Zoning ordinance."

There are many types of clubs besides fraternal groups, he noted, and recalled that this "club" does not have a liquor license.

Ruling that the property will not

Court Gives Worker Backing in Case Involving Loyalty

WASHINGTON, Oct. 16 (AP)—The US Court of Appeals ruled today that a Government worker cannot be fired solely because he belongs to an organization listed by the attorney general as subversive.

The Court held that there must also be a finding of reasonable grounds to believe the employee disloyal.

The ruling was won by James Kutcher of Newark, N. J., a legless veteran of World War II who has been fighting for more than four years for reinstatement to a \$3000-a-year clerk's job in the Veterans' administration.

Kutcher acknowledged membership in the Socialist Workers party, sometimes identified as the Trotsky wing of the Communist

Firestone Talks Continue in Cleveland

Renewed contract talks between union and management representatives of the Firestone Tire and Rubber company will enter a fourth day in Cleveland, Ohio, today.

Both company and union spokesmen of the Pottstown Firestone plant last night reported "no progress" through the first three days of negotiations.

President Robert E. Garber and William Ecker represent Pottstown's Firestone Local 336, United Rubber Workers, (CIO) at the firm-wide conferences.

250 SERVICEMEN IN COUNTY HAVE VOTED ALREADY

Applications and Ballots Continue Pouring Into County Courthouse

More than 250 Montgomery county servicemen already have enjoyed the thrill of doing what most of us will have to wait another 19 days to do—cast a ballot for our favorite Presidential candidate.

This was reported yesterday by Calvin W. Rieg, chief clerk of the county board of elections, which is handling the steady flood of servicemen's applications and ballots.

The way applications have poured in, Rieg said, he estimated that approximately 50 percent of the county's eligible servicemen would vote.

As of late yesterday afternoon, the board had mailed out 1476 ballots and was receiving additional applications at the rate of 25-30 a day. The board mailed its first ballot the past Oct. 8.

OF THE 250-275 servicemen who have returned ballots, only four have come in person to the courthouse in Norristown to vote. None of these was from the Pottstown area, Rieg reported.

Under the law, servicemen home

Fall Asserts Itself With Cool Weather

After tagging the 70 mark for three days running, the mercury sank to a more Fall-like high of 63 yesterday.

For three hours, from 2 to 4 o'clock in the afternoon, the sun chased thermometers to the daily high. By 11 o'clock last night it was topcoat weather at 47.

It was clear and crisp during the day yesterday. Early last night, orange-yellow and blue-gold puffs of clouds hung stationarily in deep blue sky.

Today will be fair and cooler with a high in the low and middle 50s. Tomorrow will be cloudy and somewhat cooler.

The best you can do is put in an order and wait just as the stores themselves are doing.

Typical of booksellers with large backlogs of unfilled orders for the new Bible are H. F. Smith and son, High and Charlotte streets, who report their entire stock sold out.

Clarence Smith, partner in the firm, said most copies were sold even before they were put on the market the past Sept. 30. "Many people placed their orders far in advance," he explained.

Smith said that demand for both the \$10 leather-bound edition

Bibles in New Version Sold Out, Book Shop Men Say; Demand Ahead of Expectations

If you're thinking of stopping at the \$6 edition far exceeded a Pottstown bookstore to buy a his anticipation when he placed copy of the new version of the Bible—you might as well spare yourself the trouble because they are unavailable.

The better editions are not expected to arrive for another 90 days, Smith stated, and the lower priced copies were supposed to have been received the past week, but they're not here yet.

The bookseller feels that in years to come, the King James version of the Bible will be replaced almost entirely by the new version. "When it comes out in cheaper editions so that Sunday schools can use them," he said.

Meanwhile, the publishers, Thomas Nelson and sons, of Camden, N. J., are reported to be working 15 to 18 hours a day to fill the many orders throughout the

You Need at Least 4 Hands to Explain It

Vishnu-like, Leonard P. "Dusty" Rhoads, Pottstown postoffice clerk, points out some of the confusing elements in the package-mailing picture. His lower left hand points to Brazil. It costs 47 cents to send a pound package there parcel post. His lower right hand points to Australia, twice as far away where a pound package can be sent for 14 cents. His upper left hand points at San Francisco, Calif. It costs 27 cents to parcel post a pound to that city. His upper right hand points toward some of the US possessions in the Pacific, where the same package can be sent for the same 27 cents, though they're much farther away.

Mailing Packages Here or Abroad Can Turn Into a Confusing Affair

The world may be growing smaller but it's also growing more confusing, at least for Pottstonians' borough.

It will cost you 15 cents to mail the package to Uncle Joe's home nine blocks away. It will cost you 14 cents to mail Uncle Bill's candy to Melbourne, which is 9942 miles away.

Or to make another comparison, it would cost you 27 cents to send a package weighing a pound to San Francisco, Calif. It would cost you not a cent more to mail the same package to Honolulu, Hawaii, even though the package would go to San Francisco and then another 6704 miles.

But, Moser cautioned, don't jump to the conclusion that all mailing of packages to foreign points brings such big bargains.

Bechtelsville Church Auxiliaries to Hold Pre-dedication Rites

The combined auxiliaries of Hill church, near Bechtelsville, will hold a pre-dedication service in their new \$85,000 Sunday school edifice tonight at 7:30 o'clock.

Hill church is the home of two congregations. St. Joseph's Evangelical Lutheran congregation, of which the Rev. Luther Lee Lengel is pastor, shares the building with St. John's Reformed, whose pastor is the Rev. John L. Herbster.

The Sunday schools of the twin churches are united and hold services every Sunday. The churches meet on alternate Sundays.

Tonight's service is the second pre-dedication meeting. Wednesday night about 250 persons attended the first Sunday school service in the new building. Tonight the auxiliaries will meet to rehearse the first time.

The initial meetings are being held in the auditorium in the basement of the new edifice.

Mother, Son Hurt When Auto Hits Pole

A Boyertown woman and her 2-year-old son were treated in Pottstown hospital dispensary for minor injuries early last night after their sedan ran out of control and struck an electric pole at Beech and Keim streets.

Mrs. Lola Deihm, 25, Montgomery avenue, Boyertown suffered a bruise of the forehead and cuts of the right knee and elbow.

Her son Lawrence, 2, sustained cuts of the face. Both were discharged after treatment.

Mrs. Deihm told Motor Patrolman Stanley Borowicz she was traveling south on Keim street, made a left turn onto Beech street and hit the pole.

She said she didn't know what

Police Continue to Probe Man's Mill Race Death

Pottstown police yesterday continued the re-investigation of the death of John Prutzman, 61, whose body was found in the mill race near South Hanover street this past Sept. 12.

Police reported after the original investigation there was no evidence of foul play.

The second investigation began after a sister of the dead man, Mrs. John Morton, 70 High street, told police she heard a young Pottstown man pushed her brother into the race, presumably after a scuffle.

Police intend to question every one who has a rumored connection with the case.

Isaac Thomas, Hill School Master, Dies of Heart Attack at His Home

Isaac Thomas, 68, master at The Hill school for the past 42 years, died suddenly of a heart attack at his home, 127 King street, last night.

He suffered the heart attack at approximately 7 p. m. while dressing in his bedroom in preparation to returning to the school. His wife, Mrs. Marielle Thomas, who was downstairs at the time, heard him fall.

On reaching the bedroom she found her husband unconscious and immediately summoned Dr. William M. Faber, the school physician. The doctor said he found Mr. Thomas dead when he arrived at 7:10 p. m.

Mr. Thomas, a native of the Pottstown area, was well-known locally for his many speaking engagements before civic, service, religious and fraternal organizations. He was also a favorite speaker at educational institutions and before parent-teacher groups.

Except for service as a first lieutenant of Field Artillery in World War I, he devoted his entire life to The Hill school.

MR. THOMAS served at various times as an instructor of Bible, history, English, algebra, Latin, Greek and German. Upon his retirement as head of the Latin department in 1949, he remained at the school as instructor in German, and since 1951, as alumni director.

Having recovered the past year from a serious illness, he had been enjoying the best of health and was fully active.

Mr. Thomas was born in Pine Forge, on May 29, 1884. He attended Pottstown public schools until 1903 at which time he was awarded a scholarship to The Hill school by John Meigs, then headmaster. He led the school scholastically for two years and was elected to the Cum Laude Honorary society.

Following his graduation in 1905, Mr. Thomas entered Princeton university where he

RED HILL QUEEN IS CROWNED AT GOLDEN JUBILEE

The half-century-old borough of Red Hill held a coronation last night for the 19-year-old queen who will rule over its golden jubilee.

Mrs. Floyd E. Saeger, 1902 queen who has been so designated because her birthday nearly coincides with that of the borough, crowned the new queen, Eleanor E. Rothenberger, at 8:30 p. m. in the town square, while a 40-piece band stood ready to play a triumphal march.

A crowd of townsfolk and visitors estimated at more than 600 gathered to take part in the festivities in the temporary square marked out by roping off Main street between Fourth and Fifth streets.

The coronation was preceded at 7:30 p. m. by a service at the borough war memorial in charge of Perkiomen VFW Post 5854. Frank T. Zenger, commander of Montgomery county council, VFW, conducted the program, assisted by Paul Sames, chaplain of the Perkiomen post, and the Allentown VFW post's color guard and firing.

Two Women Try FLIM-FLAM; ONE IS SUCCESSFUL

Two women tried their hand at flim-flamming Pottstown supermarket cashiers yesterday afternoon, but only one was successful.

Ivan Leaman, manager of the A and P store, 367 High street, reported the successful "theft by confusion" to Motor Patrolman Robert Scheidt and Patrolman John G. Paretti shortly after 3 o'clock.

Leaman said a woman bought a few items in the store and tried to pay a cashier with a

Pottstown Teachers To Attend Meeting on Special Education

Seven Pottstown school teachers will attend the 19th annual meeting of the Pennsylvania Conference for the Education of Exceptional Children in Harrisburg today and tomorrow.

Special classes in borough schools will be excused to enable the teachers to attend.

Those going to the conference are Lewis Maraffie, school psychologist, Grace Hill, Mrs. Lucille W. Williams, Mrs. Mildred J. Fleming, Mrs. Virginia Weaver, Louis Waldo and Lewis Stauffer.

Mrs. Fleming will preside at the sectional meeting for the elementary mental retarded group at which Dr. Maurice E. Linden, Norristown State hospital psychiatrist will speak on "Intellectual Aristocracy and Emotional Welfare."

Postponed Hearing Re-Set for Tonight

The once-postponed hearing for two Pottstown men arrested after a tussle at the football game between Pottstown and Norristown High schools the past Friday night has been re-set for tonight at 9 o'clock.

The hearing will be in the office of Justice of the Peace Charles J. Gorman, Norristown, with whom Edmund Kupski, 24, of 8 West Fifth street, and Michael Stepis, 21, of 510 Lincoln avenue, posted \$500 and \$1000 bail, respectively.

Charges against them are assault and battery, inciting to riot and obstructing justice.

Those area residents summoned recently for jury duty are Mrs. Mary Banks, 362 Lincoln avenue; Mrs. Kathryn Binder, 253 Chestnut street; S. Emmett Buckwalter, 28 South Third avenue, Royersford, and Norman L. Dietz, Pennsburg. Also, Mrs. Sara Donahue, 356

Bobby Walters 'Getting Along Pretty Well' Although Polio and Cancer Still Pain Him

"He's getting along pretty well, which is astonishing because of his condition."

This was the comment made yesterday by Sister Mary Stanislaus, Bobby Walters' nurse at the Sacred Heart hospital in Norristown.

She described the 4-year-old cancer and polio victim as a "nice little boy" who seems very happy playing with the other children in the hospital's polio ward.

She also said Bobby is eating "fairly well" except when he gets occasional vomiting spells.

The spells resulted from a new cancerous growth on the little boy's abdomen which was discovered about ten days ago.

DR. ROSCOE W. TEAHAN, Philadelphia cancer specialist, looking after Bobby, said X-ray treatments to combat the condition were being administered daily and that he is on the lookout for any new cancerous areas which may develop.

"I haven't found any new lumps, but I feel sure they will be coming up elsewhere on his body," the doctor said, declining to make any definite predictions on the possibility of a complete recovery.

He reported that the malignant area on Bobby's head has completely disappeared following treatments. However, hospital authorities said the boy's right leg, which was the original source of the cancer, (Continued on Page Two)

Air Force Hunts Plane Lost on Atlantic Flight

HALIFAX, Oct. 16 (AP)—Air Force search and rescue officials said today a twin-engine United States Beechcraft plane is missing on a flight from New York's Idlewild airport to Goose Bay, Labrador.

The plane and its two occupants, identified only as MacLaughlin and Kurtz, was last reported at 3:15 a. m. over Seven Islands, Que. after the pilot said he was going lower to avoid icing.

The plane was being ferried to Europe by Fleetlines of Burbank, Calif.

Celebration of Pennsylvania Week Occupies Upper Pottsgrove Pupils

By BARRY RHOADS

Pennsylvania Week is being observed in our school with special programs in the home rooms of our six grades.

Each room has arranged exhibits on the many services offered by our State and its industries. Included are displays of industry, recreation and historical places.

Mrs. Roiz, our music teacher, has taught us the song, "Pennsylvania."

Richard Spayd, a member of the Sixth grade, is going to display in Mr. Ferdinand's room this morning several thousand Indian arrowheads from his father's collection. They are all mounted in frames. Richard tells us that they were all found in this vicinity. Barry Rhoads also is going to have on display his prized collection of postal cards about historical places in our State.

An air raid drill was held in our school Wednesday from 1:50 to 1:57 p. m. It was conducted by the principal, John B. Ferdinand, and the teachers of our school. The alarm was sounded with three short rings on the fire bells. We all took shelter down under desks. We also were instructed by our teachers to make sure we had our backs turned to the windows.

Tennessee Governor Sends School Pupil Collection of Rocks

By BARBARA GEISER

On Tuesday, Judith Foley brought a small green turtle to school for all the pupils to look at.

Robert Fern went to Jersey. Stella Cotton visited Chester. Francis Schroyer went to Norris town and Timothy Quizeley went to Jersey on a fishing trip.

William McAllister visited New Jersey. Barry Rhoads visited Longwood Garden, near West Chester. Richard Spayd visited Reading's game preserve.

Virginia Messer went to Reading to visit her aunt and uncle. Charles Gaugler visited Topcon, Pa.

Winifred Mohler got a dog and a parrot.

Richard Rhoads sent a letter to the governor of Tennessee and he received a small rock collection.

Thomas Vroman got a kitten. Robert Fern got a goat.

Mr. Ferdinand announced that Oct. 31 we are going to have a Hallowe'en party at our school house. We expect to have pumpkin pies, cider, apples, potato chips and pretzels.

We got a new mat for our hall.

In Mr. Ferdinand's Fifth and Sixth grade room, the pupils brought in 39 members for the PTA.

Pupils of Mrs. Warner Visit in, Out of State

By BERNETTA MEST

In Mrs. Warner's room, Dennis Foley went to Atlantic City over the weekend. Johnny Fetterolf went to a picnic in Montgomery county Park.

Joseph Tillger went to visit his grandmother who lives in Stowe.

Bonnie Smith went to visit the Philadelphia zoo.

Barry Templin also went to the zoo. Shirley Ann Baker went to Ohio and Jane Cross went to York county to visit her grandmother.

Everytime a pupil brings in money for the PTA they get a lollipop with his or her name inscribed. 30 lollipops have been given.

1st, 2d Grade Pupils Do Hallowe'en Work

By VIRGINIA MESSER

In Mrs. Warner's room a First grade pupil, Ruth Breitschwerdt, was six Tuesday.

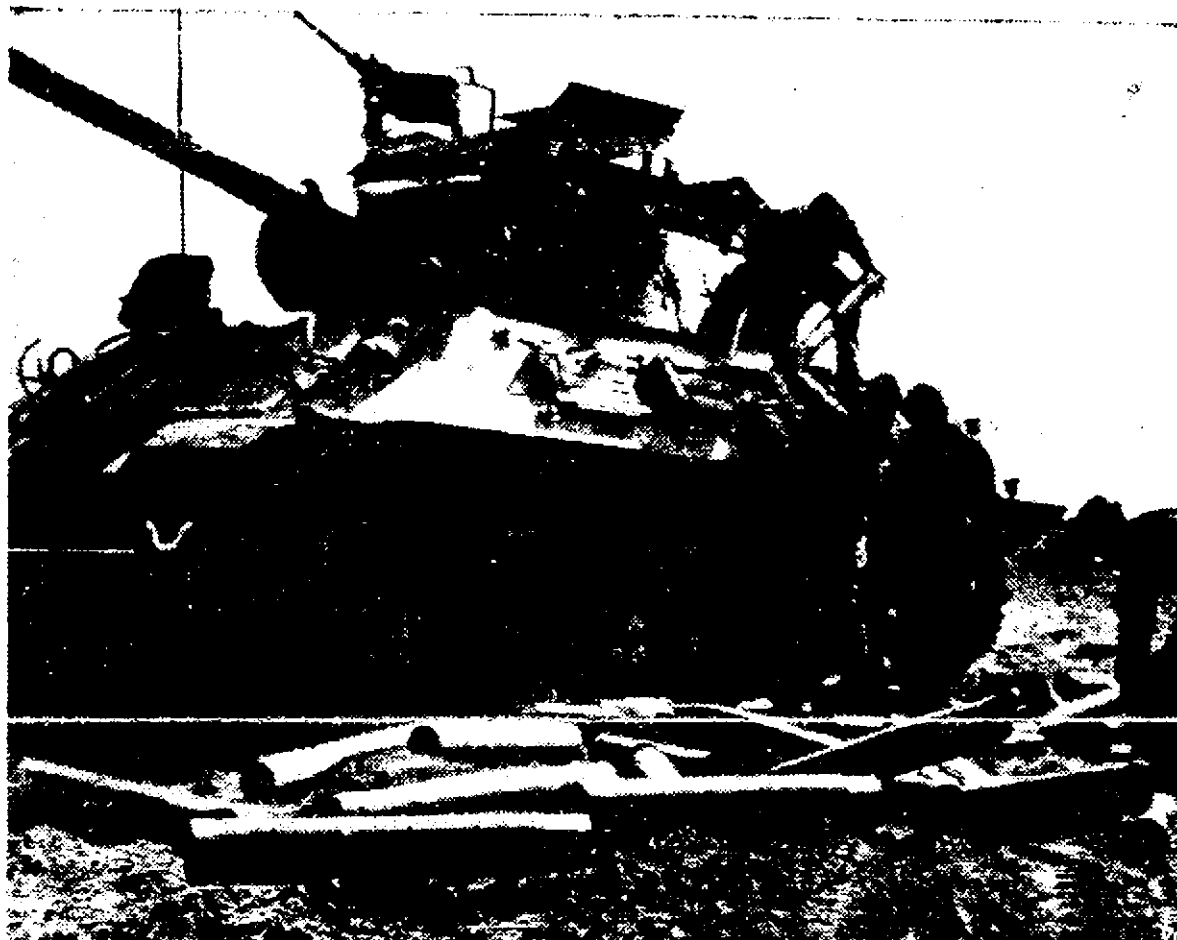

On Wednesday the First and Second grades started to do some Hallowe'en work. They have drawn some owls to put on the borders.

The Second grade is studying about tadpoles and butterflies. They have clams and turtles to add to their collection in science.

Dennis Foley brought in a turtle for the aquarium. Johnny Fetterolf brought in a mussel.

The two grades have now completed their doll house.

ROK Tank Crew Reloads for Assault on Enemy

Empty shell cases litter the ground as members of a ROK 9th division tank crew reload for another assault on Chinese Communist troops seeking to recapture strategic White Horse mountain. The position which dominates the Chonwon valley route to Seoul 50 miles away, has changed hands many times in a week of bitter fighting. The enemy is reported to have suffered 10,000 casualties in attempts to regain the peak. In one assault the Communists launched "suicide attacks" with human bombs but were driven off.

Votes for Ike in South Called Waste by Mitchell

OKLAHOMA CITY, Oct. 16 (AP)—Stephen A. Mitchell, Democratic national chairman, told Democrats of the South and Southwest tonight that they would be wasting their votes if they marked ballots for Republican Dwight D. Eisenhower.

In a speech prepared for a party rally, Mitchell quoted the late Will Rogers as saying: "A Democrat voting for a Republican down South or in the Southwest is just like throwing a handful of gravel at a battleship."

Mitchell paid tribute to "loyal Democrats" of Oklahoma and elsewhere who, he said, are working for the election of the Stevenson-Sparkman ticket.

Mitchell said Gov. Adlai Stevenson is "sticking nobly and brilliantly to his promise to talk sense to the American people."

Mount Everest Expedition Is Hit by Two Deaths

KATMANDU, Nepal, Oct. 16 (AP)—Two porters of the Swiss Mt. Everest expedition died today before the team reached Namche Bazar village, 170 miles from Katmandu, it was reported here today. Cause of death is unknown.

The team trekked along a narrow, precipitous and slippery footpath in a heavy monsoon. They covered only 10 miles a day.

The expedition is now establishing its main base camp at the foot of Hkumbu glacier, to make the attempt on the world's highest mountain, according to latest reports—which are many days old.

Next step is to set up advance camps along newly-planned short-cut routes before tackling Everest.

More Money Is Asked By DiMaggio's Ex-Wife

LOS ANGELES, Oct. 16 (AP)—Joe DiMaggio's ex-wife figures his retirement as a baseball player hasn't hurt his income, and she should get more for support of their son.

In Superior court today, Actress Dorothy Arnold asked a boost from \$150 per month to \$1000 for support of Joseph Paul DiMaggio III.

She said that at the time of their divorce in 1944 the Yankee Clipper was earning \$12,600 annually, but that she now believes he is earning \$100,000. She claimed the boy is entitled to live in a manner in keeping with the wealth of his father.

DiMaggio retired after the 1951 campaign. Among other things, this year he has conducted a baseball television program.

Hearing on Mrs. DiMaggio's petition was set for Nov. 5.

House Group Completes Phase of Red Probe

PHILADELPHIA, Oct. 16 (AP)—Ten witnesses appeared before the House Un-American Activities committee, but only two identified themselves as ex-Communists and one as a Communist.

The committee, which provides that a person need not identify himself as a Communist to answer questions that might incriminate him, has completed its first phase of investigation into Communist activities in the Eastern Pennsylvania working of the Communist Party.

Executives to Hear Broker Lecture on Inflation Remedies

About 125 members of Pottstown's Executives' and Foremen's club are expected to hear Louis H. Whitehead, New York investment broker, speak on "Inflation and What to Do About It" at the organization's meeting tonight at the YMCA.

Whitehead has for the past 11 years been a lecturer in economics

and investments at the New York Institute of Finance. He received his bachelor's degree in economics at the Wharton school, University of Pennsylvania. He attended the Graduate school at Syracuse university and took summer courses at Harvard Graduate School of Business Administration.

During the past year, Whitehead has lectured on investment topics in Boston, New York, Rochester, Elmira, Chicago, Spokane, Seattle, Portland, Los Angeles and Phoenix Arizona.

The speech will be preceded by a dinner and followed by presentation of free YMCA memberships to 12 boys. The \$75 for this purpose was collected at the September meeting.

There also will be greetings by the presidents of the auxiliaries. Nelson Moyer will speak for the Luther League, Mrs. John L. Herberster for the Women's guild, Mrs. Elizabeth Sturges for the Ladies Aid society and Charles W. Eckert Sr. for the Men's brotherhood.

A playlet entitled "It Could Be You" will be given by Mrs. Helen Kleinsmith, Mrs. Mildred Hevdt and Arlene Spohn. The Hill church chorus will sing two anthems: "Not Alone For Mighty Empire" and "O Jesus Thou Art Standing."

Music has been arranged and will be directed by Mabel G. Dellicker and Raymond G. Albitz, church organists. Mrs. Earl Mutter will give an organ recital before the service at 7:15 p. m. and play the Organa Postlude.

The program is being sponsored by Charles W. Eckert. The two congregations will hold a union dedication service Sunday afternoon at 2 o'clock. Sunday school will meet at 9 o'clock and the Reformed congregation will observe Communion at 10.

part. The organization has been accused by the Justice department of being a "front" for the Government of the United States by unconstitutional means."

RULING THAT Carl R. Gray, administrator of veterans' affairs, did not make a finding of reasonable grounds in Kutcher's case, the appellate court set aside the order for Kutcher's dismissal.

It left in effect, however, an order suspending him pending a determination by Gray as to whether reasonable grounds exist for belief that Kutcher is disloyal to the Government of the United States.

Kutcher lost both his legs while serving with the Infantry in Italy in 1945. He has been decorated for his military service and receives a gratuity payment of \$5734 a year.

"We do not mean to suggest that membership in activities connected with a designated organization may not justify disbelief in the loyalty of an employee," the Court said in a unanimous decision.

"Obviously, such evidence might fairly support that conclusion yet in each instance it rests with the head of the department or agency to make the final and controlling determination."

The 39-year-old veteran, who gets along on artificial legs with the aid of two canes, was dismissed in April, 1948, after unsuccessful appeals to the VA and the loyalty review board. He had worked for the VA about two years.

CLAIMING HE was fired without a hearing and in punishment for his views, Kutcher filed suit in the US district here to regain his job. The lower court rejected Kutcher's plea on June 16, 1951.

Kutcher told reporters in New York that he expected the Government to carry the case to the Supreme court, and added that the appeals court decision "hasn't answered the basic question whether the Socialist Workers party belongs on the subversive list, or whether a subversive list is unconstitutional."

Kutcher, a short, bald, smiling man, said he has been traveling about the country talking about his case and has written a book now being considered by a publisher. "I believe the party (the SWP) has the correct program to eliminate the evils that infect the world—war, poverty, fascism, discrimination," Kutcher said.

He said the party planned to organize the workers into a labor party to "take political power away from the capitalist class and organize the Government on Socialist lines."

He went on, "We favor a peaceful change. If the minority of the capitalists use force and violence, of course, it is the duty of the majority to resist."

140 Unruly Prisoners Injured on Koje Island

PUSAN, Korea, Friday, Oct. 17

—Fifteen of 140 unruly Red prisoners of war were injured at Koje Island Tuesday during their enforced return to a stockade by a South Korean Army platoon. The Allied prisoner of war command said none of the 15 was hurt seriously but that two were hospitalized.

The command, announcing the incident today, said the captives had refused to go back to their stockade unless four of their number, removed for questioning, also were allowed to return.

The command said no United Nations personnel was injured and order was restored quickly.

Standardization Results In Taxpayer Savings

NEW YORK, Oct. 16 (P)—Standardization of service specifications for the aircraft industry has resulted in savings of millions of dollars for the taxpayers, says the Aircraft Industries association.

During the past four years, 251 designs have been standardized. 19,410 hardware parts for aircraft engines and propellers alone. A typical saving, the association says, is that of an engine bolt and nut which cost \$2.63 before standardization. Now it costs \$1.

The association says power plant makers with service contracts will use 78 million fewer kinds of parts this year than formerly.

Destructive Influence Is Charged to GOP

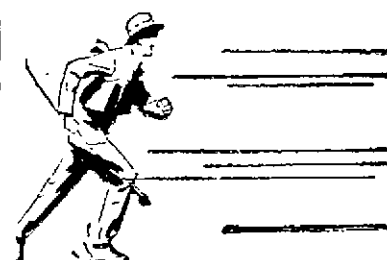

GREENSBURG, Oct. 16 (P)—Sen.

John J. Sparkman charged tonight the Republican party is a "destructive influence."

The Democratic vice presidential nominee halted his western Pennsylvania motorcade on street corners and in meeting rooms to tell large and small groups the GOP "has opposed every major piece of social legislation for the past 20 years."

Sparkman stopped at such industrial centers as Monongahela City, Washington, Pa., Donora and Monessen, winding up by addressing a banquet rally at nearby Delmont.

\$20 bill. The cashier, whose identity Leaman would not disclose to a reporter, became confused, he said, when the woman said she had been short-changed.

The cashier was confused further by the woman's request for her \$20 bill in return for a number of one dollar bills in her purse.

AT THE height of the confusion the woman, about 40, and wearing a tan tweed suit, walked out of the store. A check of the cashier's register by Leaman later revealed the woman had walked out \$10 richer.

The other attempt was made in the Acme market, 324 High street, at approximately the same time. It was the second flim-flam attempt in the store in the past three weeks.

Donato L. Perriello, 39, of Providence, R. I., was arrested the past Sept. 27 after he swindled a cashier at the Hanover House restaurant, Route 83 and 100, out of \$10 and attempted to do the same thing in the Acme.

John Dusko, manager of the supermarket, credited his cashier's "ability to stand on her own two feet" for the second flim-flammer's lack of success yesterday.

Almost the same procedure was used by the second woman to confuse Mrs. Bergey as was employed by the first woman in the A and P.

Mrs. Bergey, however, denied she had short-changed the woman and checked her register in front of the woman. When the check revealed Mrs. Bergey's register had only what money it should have had, the woman left the store.

Finns Face Crises On Economic Policy

HELSINKI, Finland, Oct. 16 (P)—Finland was threatened with a Government crisis tonight over economic policy.

The Social Democratic party said it would withdraw its seven ministers from the coalition cabinet unless its conditions were met.

The Social Democrats have said they would agree to a general raise of rents on the condition that the Agrarians pledge not to allow any price increases for agricultural products.

The Agrarians on the other hand are under pressure from agricultural producers not to sign any such pledge.

Some observers believed the cabinet might be forced to resign shortly.

Retired Farmer Victim Of \$75,000 Swindle

LANCASTER, Oct. 16 (AP)—A 77-year-old retired farmer, living alone in a tiny room crammed by his few sticks of furniture, was named by police today as the victim of a \$75,000 swindle that exchanged "blue chip" stocks and bonds for rights to New Mexico wildcat oil lands.

Three men were arrested as the result of a State Securities commission probe of the deals.

Assistant District Attorney William C. Storb said that Christian R. Martin was reluctant to begin the prosecution. Warrants against the three were signed by Arthur J. Spragg, an investigator for the Securities commission.

A reporter who sought out Martin today found him living in a rented room of a farmhouse near New Holland in the heart of the area famous as the home of the "plain people," simple-living members of the Amish sect. The room, about eight feet square contained a bed, chair stove and a few odds and ends.

If a war-type mobilization of manpower were required in 1952, an estimated 72 million people would be available as civilian workers and for the armed forces.

Ike Campaign Started By John Roosevelt

DETROIT, Oct. 16 (AP)—John Roosevelt, youngest son of the late Democratic President Franklin D. Roosevelt, opened a speaking campaign for Republican Dwight D. Eisenhower here tonight by condemning the Truman Administration and praising the GOP nominee.

Classifying himself as an independent, who voted for Republican Thomas E. Dewey in 1948, Roosevelt told a Negro Republican rally: "It seems to me that what my father started in Washington as a long-range program for the advancement and benefit of all the people has now degenerated into a shabby instrument for the advancement and benefit of the Administration leaders and their cronies."

At an earlier press conference, the 36-year-old Roosevelt said in answer to a question on whether he supported Republican Senators Mc-

Carthy (Wis.) and Jenner (Ind.): "I do not subscribe to Senator McCarthy's means or methods, but I do to his aims."

He didn't reply as to Jenner, but said later "Eisenhower must have a Republican Senate and House." Then he laughingly added: "I might say right here, I don't vote in Hyde Park."

Voters Urged by Byrnes To Kill School Plan

COLUMBIA, S. C., Oct. 16 (AP)—Gov. James F. Byrnes today urged South Carolina voters to eliminate a Constitutional requirement for free public schools.

The proposed Constitutional amendment will be voted upon in the Nov. 4 general election. The 1952 Legislature submitted the proposal to the voters upon recommendation of Byrnes, a former US Supreme court justice and one-time secretary of state.

Removal of the requirement from the Constitution would open the way for South Carolina to do away with its public school system, a step Byrnes said he would reluctantly favor if segregation is held unconstitutional.

Inquiry Board Suggests Change of Airport Name

PHILADELPHIA, Oct. 16 (AP)—An Air Force board of inquiry today suggested that Philadelphia officials change the name of one of the two city airports.

The city operates the Philadelphia International airport in southwest Philadelphia and the North Philadelphia airport.

Major Joseph King, director of operations at the McGuire (Fort Dix, N.J.) Air base, presented the board's recommendations to a coroner's jury holding hearings into the deaths of three Air Force personnel killed Oct. 7 when a C-47 plane crashed a mile from the North Philadelphia airport.

The jury issued verdicts of accidental death.

BUSINESS ADVANCES

PITTSBURGH, Oct. 16 (AP)—Business in the Pittsburgh district advanced appreciably the past week after holding unchanged in the two preceding weeks, the University of Pittsburgh reported today. The upswing was credited to higher industrial production and increased volume of trade. The business index rose from 100.1 percent of the 1935-39 average to 105.3.

Grammer Says He Made Up Story About Wreck Covering Up Murder

BALTIMORE, Oct. 16.—George Edward Grammer testified today he made up the story which the State says is proof he killed his wife and tried to make it look like she died in an automobile smashup.

"I think I would have told them anything to have them let me go," said the 35-year-old New York office manager as he told how police questioned him for two days.

"They said: 'Give us a statement and we'll let you go.'"

"I made up something so I could go home and get some rest and get something to eat."

THE TESTIMONY was Grammer's attempt to prevent the prosecution from using his own words against him in its effort to send him to the gallows for the death of 35-year-old Dorothy May Grammer on Aug. 20.

The State accuses Grammer of bludgeoning his wife and pointing her down a steep hill at the north-east edge of Baltimore in their car so he would be free to marry a 23-year-old United Nations secretary.

Grammer testified he was exhausted by the two days of police questioning on Aug. 30 and 31. He didn't get any decent food, didn't get any sleep, wasn't allowed to call a lawyer, and couldn't even use a telephone to call his brother, he said.

The officers who arrested and questioned him took the stand to deny his charges.

Business Club Hears Talk on X-Ray Value

Dr. James A. Gerbasi, radiologist at Memorial hospital, spoke last night to members of the American Business club on "What Are the Uses and Values of the X-Ray Today."

He showed X-ray slides and told 25 members present how to read them.

Appointed to a Hallows' committee were Chairman Donald Sands, George Longacre, Joe L. Bowen, Walter F.

McCurdy Jr. and Marshall Kauffman.

The session was held in the Elks' home. Next week members will meet at 5:45 o'clock at the Firestone Tire and Rubber company. At 8 o'clock they will eat in the cafeteria and later off their visit with a tour of the plant.

GOP TICKET SUPPORTED
WASHINGTON, Oct. 16.—The Republican National committee said tonight that Robert H. Johnson, Negro grand exalted ruler of the Improved Benevolent Protective Order of Elks, has announced his support of the Eisenhower-Nixon ticket.

Borough Man Gets 30 Days in Jail for Disorderly Conduct

Carl Redenger, 65, who gave borough dump on Moser road as his address, was committed to Montgomery county prison for 30 days last night for drunk and disorderly conduct.

Justice of the Peace Raymond C. Kelley, of the Second ward, said Redenger would have been better off for the winter if he had been able to give the defendant a six months sentence.

Redenger was arrested by Patrolman Thomas Corum early yesterday morning on the rear porch of a South Washington street home.

Corum told Kelley he ordered Redenger to go home when he discovered him sleeping on the porch. Redenger still had not moved when Corum returned later.

When Corum again told him to go home, Redenger threatened Corum, who then arrested him.

Redenger, who lives in a shack on the dump, has been working for \$15 a week as a garbage collector's helper, Kelley said.

The justice of the peace added that he had warned Redenger several months ago when the defendant was before him on the same charge, to "get out of the borough and stay out."

Pastor Tells of Trip To Europe at Dinner

Fifty members, wives and guests heard the Rev. A. Burtis Hallock Jr., pastor of the First Presbyterian church, speak and show slides of his recent trip to Europe at the Optimist club dinner meeting last night.

The Rev. John L. Smoker and Leroy H. Keiser, president of the organization were presented silver Optimist pins for having each brought three new members into the club.

Presented with organizational pins last night were: Howard L. Stahl, Emerson Kirlin, Thomas Swarts, Raymond Meyer, and Donald J. Reed.

The 26 ladies present at the session were given scatter pin sets in observance of the club's "Ladies Night."

LOS ANGELES, Oct. 16 (AP)—Gov. Adlai E. Stevenson said tonight the turning point in the struggle for peace was President Truman's decision to send American forces into Korea.

The Democratic Presidential nominee, speaking over a nationwide television and radio hookup, asserted that the Communist invasion of South Korea was not an isolated incident but a part of the whole world struggle.

The Illinois Governor thus provided a Democratic answer to charges by Gen. Dwight D. Eisenhower, the Republican nominee, that the Truman administration had "fumbled and bungled" its way into the Korean struggle. Stevenson spoke from a studio after he was acclaimed by about 10,000 persons on his arrival here and in a parade through Los Angeles streets.

Grappling with a topic he and his aides apparently have found his paramount issue on the Pacific coast, Stevenson said he wanted to discuss "the question which is closest to all our hearts—Korea."

"There is a much broader problem than can be expressed in the one word—Korea," he said. "The hopes of the world were lifted by the decision to halt forceful aggression in Korea. President Truman's courageous decision was hailed by all Americans."

"We did not choose this struggle in Korea," Stevenson said, "but our future depends on its outcome."

Striking out at Eisenhower's suggestion that American troops could be withdrawn from Korea when South Korean fighters have been sufficiently trained, Stevenson said he doesn't see "how the shadow of politics can fall across the part your boys and mine play in Korea."

Air Force Transport Vanishes; 21 Aboard
KANGUNG, Korea, Oct. 16 (AP)—A two-engine US Air Force transport plane with 21 passengers and a crew of four vanished over South Korea today.

The plane, a C-46, left this base on Korea's east coast just before 1 a. m. It was flying down the coast toward Pohang, 120 miles south of Kangung, and only 40 minutes flying time away.

The Air Force launched a big of the search when the plane failed to arrive. No trace was found, although visibility was good.

Chaplin a Hit
LONDON, Oct. 16 (AP)—Thousands of fans gave Charles Chaplin round after round of applause tonight at the world premiere of his nostalgic clown-and-ballerina film "Limelight."

Cheers for him were as loud as those for Princess Margaret, a first-nighter.

More than 200 mounted and foot police linked arms to check the crowds outside who shouted, "We want Charlie!"

A capacity audience including many stage and film stars from quently burst into applause and laughter at the tragic-comic story of a ballet dancer and a clown.

The sentimental music hall world of before the First World War, in which the film is set, clearly appealed to British movie-goers.

Truman Challenges Ike to Divulge 'Quick' Way to Finish Korean War

ABOARD TRUMAN TRAIN IN NEW ENGLAND, Oct. 16 (AP)—President Truman declared today that if Gen. Dwight D. Eisenhower really knows a quick way to end the Korean War it's the general's duty to reveal it now and thus save the lives of American fighting men.

Truman hurled this challenge on the first day of a whirlwind New England tour in which he came close to calling the General a political horse thief.

The whistle-stopping President rang in a little of everything—he even played the piano for the crowd at New Britain, Conn.—in the opening round of a three-day Northeastern tour on behalf of Gov. Adlai Stevenson and the Democratic ticket.

Reprisals Are Hinted Against Texas Rebels Of Democratic Party

AUSTIN, Tex., Oct. 16 (AP)—Hints of "reprisals" against rebellious Texas Democrats by the national party chairman brought angry reports from two top officials today on the eve of Adlai Stevenson's campaign thrust in the State.

Blasts by Gov. Allan Shivers and US Senator-Elect Price Daniel answered a statement yesterday by Democratic National Chairman Stephen Mitchell.

Daniel, mentioned by name in Mitchell's statement, said that only in Russia one needs to fear political reprisal. He said there's nothing the chairman can do that would make him stop supporting Republican presidential nominee Dwight Eisenhower. He wired his reply to Mitchell.

Shivers, who also has announced support of Eisenhower, said men like Mitchell are the ones he hopes to remove from high Government position by plugging for the Republican ticket.

MITCHELL HAD said that Democrats such as Daniel, now State attorney general and Senator-nominee of both parties, are the kind who will be put "in the record book for future reference."

Mitchell was enroute today to Oklahoma City for a speech. He could not be reached for comment on the statements by Shivers and Daniel. His party job as national chairman gives him an influential position in Administration affairs, but he holds no Government office. He was once a State department employee.

Iran Severs Diplomatic Ties With Great Britain; Whitehall Calm

TEHRAN, Iran, Oct. 16 (AP)—London and return of British diplomats said notice of the Iranian decision would be delivered to the British immediately after Mossadegh's broadcast. The British embassy at Whitehall was notably unperturbed.

Neither embassy has an ambassador on duty. The British embassy here is headed by Charge d'Affaires George H. Middleton. Iran's affairs in London also are in the hands of a Charge d'Affaires, Mohammad Hadjeb Davallou, Foreign Minister Hosseini.

Korean Reds Urge Resumption of Talks
TOKYO, Oct. 17 (AP)—The Communist high command in Korea yesterday called for immediate resumption of Korean armistice talks in a letter which Gen. Mark Clark's headquarters termed "propaganda."

Gen. Kim Il Sung, North Korea's supreme commander, and Gen. Peng Teh-Huai in a joint letter to Clark demanded "that the unreasonable action of breaking off the armistice negotiations taken by your delegation be stopped immediately."

An announcement by Clark's Far East Command headquarters said the letter "offers no new constructive proposal for a solution of the outstanding problem preventing an armistice."

Election of Presidium Announced In Russia; Joseph Stalin Heads It

MOSCOW, Friday, Oct. 17 (AP)—The new central committee of the Communist party today announced the election of a presidium of 25 members and 11 alternates headed by Joseph Stalin.

The presidium replaces the old Politburo, which formerly was the all-powerful body in the Communist party apparatus. It also takes over the duties of the old Orgburo which dealt with party organization.

The committee, a body of 125 chosen at the recent 19th party Congress in the Kremlin, also announced the election of a new secretariat consisting of 10 persons, and a party control committee chairman.

Among the full members of the presidium who were former members of the politburo were Stalin, L. P. Beria, N. A. Bulganin, K. E. Voroshilov, L. M. Kaganovich, Georgi Malenkov, V. M. Molotov, A. I. Mikoyan, N. S. Khrushchev and N. M. Shvernik, president of the Supreme Presidium of the Supreme Soviet and thus president of the Soviet Union.

Kosygin, former member of the politburo, was listed as one of the 11 alternates on the new presidium, however.

The ten-man secretariat included Stalin at the head of the list, who was former general secretary, the most powerful position in the party.

MALENKOV AND Khrushchev followed Stalin on the secretariat list. Also included were Mikhail Suslov and P. K. Ponomarenko, who previously were members of the party secretariat.

The full presidium membership: Stalin; B. M. Andrianov, Leningrad party secretary; A. V. Arisov, of the Chelabinsk party committee; Beria, Bulganin, Molotov, Marshal Voroshilov; Mikoyan; S. P. Ignatiev of the Moscow committee; Kaganovich; D. S. Korotchenko from the Ukraine organization; Vassily V. Kuznetsov, head of the Soviet Trades unions; Otto Kussinen, chairman of the presidium of the Karelo Finnish republic; Alenkov; V. A. Malishev, a deputy premier and minister of shipbuilding; Leonid G. Melnikov, first secretary of the Ukrainian party; Nikolai A. Mikhalov, first secretary of the Young Communists league; Mikhail Pervukhin, a deputy premier and chief of the chemical industry; Ponomarenko; M. Z. Saburov, chairman of the State Planning commission; D. I. Chesnokov, high ranking party philosopher; M. A. Suslov, a secretary of the Central committee and that as a result of his campaign former editor of Pravda; Khrushchev; "I am convinced he (Gen. 'chev; Shvernik, and Matvei Shkir-Dwight D. Eisenhower) will be elected president of the United Nations Control commission."

Foreign Minister Andrei Vishinskiy was elected an alternate to the presidium.

KE PRESENTS HIS ANALYSIS OF SOVIET PROGRAM

Free Peoples Can Meet Russian Threat Calmly
Candidate Says

NEW YORK, Oct. 16 (AP)—Gen. Dwight Eisenhower presented a detailed analysis tonight of the Russian master plan to destroy the free world, and then, having set forth a formula for meeting it, he said:

"The free peoples can face any new Soviet tactics without panic."

Eisenhower discussed at length the recent ten-day meeting in Moscow of the 19th Communist party Congress. He put a spotlight on a number of key quotations from the 25,000-word statement by Prime Minister Joseph Stalin and warned:

"This is a deadly challenge to the free world in this critical Autumn of 1952. It is this challenge that we must answer if we are to survive in freedom."

And he asserted several times that the Western nations have the resources for meeting the Communist threat.

THE GENERAL delivered the principal speech at the Alfred E. Smith Memorial Foundation dinner at the Waldorf Astoria hotel, attended by many persons prominent in both major political parties. Smith, one-time Governor of New York, was unsuccessful as the Democratic presidential nominee running against Herbert Hoover in 1928.

Eisenhower had campaigned in New Jersey today, asserting at one point that the US "can't afford Bevan and his followers. Parliametary observers think they stay strong enough to lead the world toward peace."

Football Days Over
ITHACA, N. Y., Oct. 16 (AP)—Mary Pickford said today the football-playing days of her 16-year-old adopted son were ended by an injury in a school game the past Pennsylvania Week.

Ronald, a sophomore at the George Junior republic at nearby Freeville, suffered back sprain Friday night in a game. He was a quarterback.

Miss Pickford said that she felt encouraged about Ronald's condition but that the boy's doctor had told her his football career was over. "I'll back him up," she added.

REDS CRITICIZE OWN PRESS AT USSR CONGRESS

Stiffing of Criticism Called Paramount Defect by Editor of Pravda

MOSCOW, Oct. 16 (P) — Even Pravda, organ of the Kremlin, has been guilty of "ideological mistakes and shortcomings," Soviet Communists were told today.

The Moscow press published a report to the 19th All-Union Soviet Congress, just closed, by Leonid Fedorovich Ilyichev, editor of Pravda, which is the central official newspaper of the Soviet Communist Party.

(For some unexplained reason, the makeup of the new presidium of the Communist party, to replace the Politburo, has been delayed. The Congress closed Tuesday and the central committee then was to name its presidium, which would rule the USSR. Dispatches have indicated that the announcement was due momentarily, but thus far there has been no sign of it.)

Ilyichev referred to "the report of comrade Malenkov" on mistakes in party ideological work. Georgi Malenkov, a leading Politburo member, lectured the Congress at length in his speech Oct. 5.

"THESE SHORTCOMINGS," said Ilyichev, "are to be found in the work of our press. The principal newspapers, including Pravda and also some leading political-theoretical journals, make particularly major lapses in their work." (One of the journals which came in for heavy criticism in the Congress was Voprosy Istorii—Problems of History—for permitting lapses into "bourgeois nationalism." This sin concerns any loyalty to any idea not stemming directly from Great Russia. The sin is popping up in virtually all the other 15 constituent republics.)

Ilyichev singled out the Ukraine Pravda for rebuke, saying it often stifled criticism. Ukraine Pravda is the official Ukrainian party paper. It also failed, Ilyichev said, to "mercilessly reveal errors and mistakes and unmask false people."

A newspaper, he said, has no right to stand aloof from acute problems, "but must elaborate on them boldly, especially those on questions of foreign policy and on militant questions on the ideological front."

"THE NEWSPAPER," he added, "must show initiative, be a passionate propagandist of everything progressive and boldly criticize defects in work."

Some newspapers, he said, mentioning particularly the Molotov Oblast (provincial) newspaper Zvezda (Star) are guilty of lolling down critical material. Correspondents who wrote of shortcomings often are persecuted, he added.

Officials of the Stalingrad party committee once forbade the editors of Stalingradskaya Pravda to reprint an article from the Central party Pravda criticizing officials for "inattentive attitudes toward the reports of the working people."

The Party Congress ended on a note of international solidarity of Communist parties. Prime Minister Stalin promised aid to parties in capitalist countries and announced that in turn the USSR party expected support from the Communists abroad.

Junior High Pupils to Decorate Down Town Windows Hallowe'en

In place of the professional win-
dow decorators, the pupils of the
Junior High school will be the
ones to decorate the windows of
the downtown area on Hallowe'en.
The young painters will go to
work Oct. 30 on almost all the
store windows on High street be-
tween Hanover and Charlotte and
some on Hanover. Special water
color paint will be used to depict
ghosts, witches, and other Hal-
lowe'en characters on the plate
glass surfaces.
Sponsored by the Pottstown
Optimist club, the artists will
be chosen to compete in the
painting contest by their school
art teachers, in whom they will
submit sample pictures.
This is the first year that
Pottstown will see such a contest
although it has become very pop-
ular in recent years in other towns.
Trenton, N. J. has had such con-
tests on Hallowe'en for the past
eight years.
ELWOOD ANGSTADT, chairman
of the committee arranging the
contest, said last night that almost
15 white and gold honorable men-

country.
Their first printing of 1,000,000
Bibles was sold out in a matter of
days.
"They could have printed 3,
000,000 and sold them all," com-
mented Robert Peters, Pot-
tstown area salesman for the
Reading Bible house.
Peters claims the same situa-
tion exists with his concern as does
in Pottstown.
"It's a bigger thing than book
sales or publishers expected," he
commented.
The salesman said area churches
have been buying the new Bible in
lots of 50 to 100 and ordering still
more, but they too have to wait
until the Reading firm receives the
1,000,000 copies it has ordered.
Peters revealed that contrary to
expectations, sales of other Bibles
have gone up because of the pub-
licity given the new version.
The Revised Standard Version of
the Bible was approved for use by
all Protestant churches through
the authorization of the National
Council of Churches of Christ in
the United States.

Family Boasts Five Generations

Two year old Kathy Davis is the last link in this Pottstown area
chain of five generations. With her in the family snapshot are
her 19 year old mother, Mrs. Charles Davis, of 1 East Third street.
Mrs. Davis' 40 year old father, Raymond Yerges (right), of 431
King street; his 61 year old father, Raymond Yerges, of 38 West
Main street, South Pottstown, and the 61 year old man's mother,
Mrs. Mary Yerges, 88, of Malvern. The great great grandmother
is the widow of Jacob G. Yerges. She was born and raised in Pot-
tstown. Her son has 19 other grandchildren besides Mrs. Davis. He
is employed by Bethlehem Steel company. His son is employed by
Hanley Taxi service. The 88 year old woman is in good health.

36 years of service and recently
re-enlisted. "I'm going to make
it 40," he explained.

Rockets Launched From Giant Balloons

WASHINGTON, Oct. 16 (AP) — The
Army announced tonight it has
launched rockets from giant bal-
loons high above the north geo-
magnetic pole, and sent them to
altitudes of about 40 miles—liter-
ally above the top of the world.
The instrument-laden bal-
loons, tall as 10 story buildings,
were released from the Coast
Guard icebreaker Eastwind in
Baffin bay, west of northern
Greenland.
The soaring rockets rained
back cosmic radiation measure-
ments at the one point on the
globe where the earth's magnetic
field has the least influence on in-
coming cosmic ray particles.
It will take scientists months to
tabulate and interpret the infor-
mation obtained.

be for "business," Judge Knight
said.
"Here there is no business in
selling or exchange of goods, no
taking of orders, no storage or
exhibiting of goods for sale, no
dealing in personal services of any
kind."
"An organization which keeps
the records either directly or
indirectly of some 1000 people
must necessarily have office
space and office help."
The fact that it intends to
keep its administrative offices sep-
arate and apart and in a different
place from the location of its
other activities does not constitute
a business use of the premises."
Judge Knight noted that a prior
application by a CIO group had
been refused by the board. It was
the prior group "was a different
entity, having been a non-profit
corporation organized under the
laws of the Commonwealth of
Pennsylvania and having been the
holder of a Pennsylvania liquor
license."

Attendees of the Queen were
Ruth Elaine Freed, Georgianna
Henry, Esther Brev, Marilyn Freed
and Verna Nolf.
A CONCERT by the Red Hill
band followed the coronation pro-
cession. Among the numbers
played by the band was "Golden
Jubilee," a piece written espe-
cially for the festivities by Finley
Shugard, a bass horn player from
Center point.
Oliver K. Berndt, leader of the
Red Hill band for the past 25 years,
conducted the concert by the 40
man aggregation.
Berndt was instrumental in
bringing the Bandmaster's associa-
tion to Red Hill for their conven-
tion in 1927 to which each of the
bandmasters brought along his
band. Pictures of many old time
bands are on display this week in
the Fire hall auditorium.
The celebration will continue
tonight at 8:30 o'clock with
games for the children in the
town square. A block party
will follow at 8 p. m. with out-
door square dancing.
The golden jubilee will end to-
morrow at 2 p. m. with a parade
on Main street. Borough officials
and fire companies from East
Greenville, Pennsylvania and Green
Lane will participate.

cer has been causing Bobby pain.
Polio treatments are also be-
ing continued by Marjorie Van-
Horn, hospital physiotherapist.
The daily massages and hot
packs have helped Bobby to sit up
by himself in bed and occasionally
he even makes an effort to stand.
He has lost all stiffness in his
back and right leg. Miss VanHorn
reported adding that the polio
treatments will be kept up until
the boy is able to walk.
The treatments however have
to be discontinued on certain days
when the cancer pains in the leg
prohibit any massaging.
The physiotherapist expressed
the belief that if the cancer con-
dition does not get the best of
Bobby, he should be able to walk
within six months.

Martin Asserts World Is in Freedom Battle

OIL CITY, Oct. 16 (AP) — Sen. Ed-
ward Martin said tonight the world
is engaged in a struggle which
will decide whether we are to
continue as a nation of free men
or be enslaved by Communism.
Martin spoke at a Pennsylvania
Week celebration in Oil City which
had as its guest of honor Col.
Francis S. Gohreski, America's
greatest living combat pilot. Mar-
tin said:
"Already cruel tyranny and op-
pression dictated from the Kremlin
have fastened the chains of slav-
ery upon hundreds of millions of
human beings in Europe and Asia."

LEAF FIRES —

(Continued From Page One)
children will come along and burn
themselves or a car with a leaky
gas tank will park over smoldering
leaves.
LINDAUER SAID he hoped bor-
ough residents would respect the
law and do their part to avoid any
unnecessary trouble.
"I've had a lot of trouble with
this problem in the past," he as-
serted. "Too many people start a
fire and then walk away from it."
Borough Manager Horace B.
Culden pointed to the destruction
of streets from leaf fires.
"Certainly a fire on a ma-
cadam street is harmful," Gul-
den explained. "The tar is
melted and street is weakened.
If a vehicle should run over
the street in this weakened
condition it would be the be-
ginning of trouble."
Dou I. Sears, assistant to the
borough manager, also pointed to
the destruction which can be
caused by leaf fires on streets.
He said the borough has not
started its annual leaf cleaning
program.
The borough program in-
cludes leaf removal in the bus-
iness sections of town. Leaves
are hauled to the borough
dump.
The need to keep streets free
of leaves has been cited as a safety
measure. Rain slick leaves have
been the cause of numerous traf-
fic accidents in Pottstown over the
years.

Governor at Hartford Says Truman Was False

HARTFORD, Conn., Oct. 16 (AP) —
Governor John Lodge (R) said to-
night that President Truman made
the most distressingly false state-
ment which has ever been uttered
by a high public official of this na-
tion when he campaigned here to-
day.
The Governor, who welcomed the
President to Hartford and heard
his speech, quoted Mr. Truman as
saying Republicans were against
the immigration of Jews and Cath-
olics.
Branding that as false, the Gov-
ernor said in a statement:
"Just a glance at the immigra-
tion statistics will disclose the mil-
lions upon millions of people from
all the lands of Europe who have
been welcomed to this country
under Republican administrations."

UNITED FUND —

one twelfth of his hourly wage rate
a week.
John A. Shaner, business agent
of Local 544 UAW, said he be-
lieved the solicitation program
should be based on a "checkoff"
system under which an employer
deducts a weekly sum from the
workers' pay toward their con-
tributions.
In previous fund drives the
workers have contributed through
the checkoff and personal cash
donations.
Joseph Pickard, interna-
tional representative of the
United Steel Workers (CIO)
union, emphasized that because
the hourly wage rates vary so
much in Pottstown, "we need
a method of solicitation which
leaves little room for any
inequity."
He indicated he felt a uniform
contribution such as \$10 from
every worker would be inequitable.
Others present at the meeting
were LeRoy Gabel, assistant sec-
retary treasurer at Jacobs, George
Marcincavage, vice president of
Local 336 United Rubber Workers
(CIO), Paul Mitchell, vice presi-
dent of Neapco, James Corum of
Local 2326 UAW, Mark L. Brown,
president of Local 3802 UAW, Ken-
neth S. Lane, Jacobs personnel
manager, and Harold D. Eschbach

merce.
Eschbach and other Jacobs will

FIRESTONE TALKS —

(Continued From Page One)
ties from Firestone's eight plant
are attending the Cleveland con-
claves.
THE CLEVELAND sessions are
the result of the rejection of a
firm wide pact negotiated at
Columbus, Ohio this past summer.
The Pottstown and Akron unions
representing a majority of 21,000
Firestone union members voted
against the pact. Six other locals
voted for the contract.
The Pottstown local voted against
the pact by a 210 to 31 vote.
The Firestone division of the in-
ternational policy committee voted
to request new conferences with
the company at the International
Rubber Workers convention in Ac-
bury Park, N. J. this past month.

PACKAGE RATES —

(Continued From Page One)
sideration a lot of complicated
factors including the money ex-
change rate between the two countries
involved.
For this reason, it might cost
a person more to send a pack-
age from Australia to Pott-
stown than it would to send the
same package from Pottstown
to Australia.
Moser said he doubted whether
any U.S. postal worker was pre-
pared to explain just why the rates
sometimes seem to be topsy turvy.
"All we know is the rates they
give us," he declared. "How they
arrive at it we don't know."
FEW PEOPLE seem to be sur-
prised by the way the system
works. He said "They just take it
for granted. I guess they figure
there's no use getting surprised."
Domestic rates are based on dis-
tricts. Any point within 150 miles
take the lowest rate. For that rea-
son it doesn't cost any more to
send a package to Bovertown from
Pottstown than it does to send it
to New York City.
Rates also are based on weight
classifications. The one on which
the particular rates Moser used is
more than eight ounces but not
more than 16.
The reason it doesn't cost any
more to send a package to Hawaii
than to San Francisco is that all
US territories are considered to be
in the U.S. and since District 8 is
the most remote US district, such
places as Hawaii and Alaska are
considered to be in it, right next
door to California.

PTA Symposium Defines Role of Parents and Teachers

Parents and teachers learned what each expected from the other at the PTA symposium held at the school. "The Family and Its Education" was the topic. Richard King and George Rowland discussed sympathetic teaching, and believed that the parent expects from the instructors should notify parents school system, and what the school when their children needed extra expects of the parent was presented help.

By Harvard Fosnacht and Carl Binder. "Parents," said the school system speakers, "should appraise

their children's teachers with justness and consideration."

Mr. Fosnacht and Mr. Binder believed better understanding should be developed between parent and child, and added that it was a parent's duty to teach his child the value of friendship, cooperation and constructive criticism.

"The function of a teacher," they concluded, "is to teach how to think, not what to think—and that we can do this is one of the finest qualities of the American system."

Following the panel discussion, an open forum was held. The men present took over the executive functions of the meeting in recognition of father's night.

Sol Berger substituted for his wife as president. Clarence Pike was secretary and Ralph Richards functioned as treasurer. The meeting was opened with an invocation by the Rev. Edward Horn.

Mrs. Bert Shaw led the community singing, with Mrs. Walter Wetherhold accompanying at the piano. Richard King was master of ceremonies.

Hostesses for the meeting were Mrs. Joseph Marion, Mrs. Sheldon Antrim, Mrs. Kenneth Christman, Mrs. David Shaner, Mrs. Earl Mest and Mrs. Edward Schumacher under the chairmanship of Mrs. Kenneth Christman.

Wed in St. Aloysius Catholic church, Mr. and Mrs. Joseph Howard are making their home in Upper Darby. The bride is the former Anne Barna, daughter of Mr. and Mrs. John Barna, East High street.

Gilbertsville Newlyweds

Mr. and Mrs. Harvey Kulp (Ann Reeves) have returned from their wedding trip to Kentucky, Virginia and Washington, D. C. and are residing with the bride's parents, Mr. and Mrs. Earl Reeves, Gilbertsville RD 1.

Rev. Paul Scheirer Performs Nuptials To Unite Lillian Arch, Donald Moser

Lillian Jean Arch, daughter of Elisabeth Baum, 911 Queen street, recently became the bride of Donald W. Moser in a ceremony performed by the Rev. Paul C. Scheirer, pastor. Only immediate relatives witnessed the double ring wedding held in St. John's Reformed church.

Grandfather of the bride, Joseph Arch Sr., gave her in marriage as organist Myrna Fry played soft background music. Miss Arch chose for her marriage a bellerina net over satin gown with a tiny lace bolero. A shoulder-length veil fell from a scrolled, pearl trimmed tiara; and she carried a nosegay of white roses and pompons.

Maid of honor, Helen Smith, was the bride's only attendant. She carried a nosegay of yellow and white chrysanthemums mixed with Fall leaves to complement her coralberry gown. Her strapless bodice had a bolero, and her velvet halo-hat of tiny flowers had a rhinestone studded veil.

Other members of the bridal party were Joseph Arch Jr., uncle of the bride and best man, Mrs. Raymond Moser in navy striped with silver and Mrs. Baum in light blue. Both mothers wore white corsages.

After the ceremony a buffet luncheon reception was held in the home of the bride's grandmother, Mrs. Joseph Arch, 865 South street, with whom Mrs. Donald Moser lived prior to her marriage.

Before going to live with Mr. and Mrs. Raymond Moser, Pottstown RD 3, parents of the bridegroom, the couple traveled to Niagara Falls and Canada. The bride chose navy taffeta on which she pinned a white rosebud corsage for the trip.

The bridegroom is employed with Flagg company, Stowe, and his wife with Loomcraft incorporated. Both attended Pottstown High school.

Rev. John Willson Weds Horace Seidel And Susie Mariano

Mr. and Mrs. Horace Y. Seidel (Susie Mariano) were married in Boyertown yesterday by the Rev. John F. Willson, pastor of the Pottstown Evangelical United Brethren church.

Scene of the wedding supper following the ceremony was the Boyertown inn.

Mr. Seidel is Pottstown borough assessor and his wife is in charge of admissions and insurance at Memorial hospital. The couple will reside in their new home at Beech and Morris streets.

Guests attending the wedding included Mr. and Mrs. Charles R. Wylie, Mr. and Mrs. Albert P. Pollick and Dr. and Mrs. Horace Y. Seidel, the groom's son and daughter-in-law.

Mrs. Edward Horn was appointed chairman of United Fund collecting by the YWCA executive board last night.

Meeting last night in the Y building, the group heard Charles Wylie, chairman of advanced gifts for the United Fund, speak urging their support of the drive.

A report was heard on the progress of the "Pigtail Hour", a YWCA activity held after school Tuesdays and Thursdays for 5th and 6th grade girls under the direction of Charlotte Anderson.

Hold Household Showers for Fall Brides

By VIVIAN BROWN (AP Newsfeatures Writer)

When the bride-to-be "has everything" — linens, lingerie, silver, china — what kind of a shower is left for her friends to give her?

Well how about a household shower?

More and more women are doing their own housework these days—the 1950 census figures show that in ten years private household workers dropped by half a million—from 2,078,000 to 1,457,000.

The same period saw wages for household help virtually double, so that few budget-conscious couples can afford a maid, even if the wife is a career girl.

A household shower can include anything from a box of detergent to a vacuum cleaner. Whether the bride lives in a one-room apartment or in a ten-room house, she'll need the same type of equipment.

A shower of household cleaning tools will provide many welcome gifts to make the new homemaker's job easier. Wall brush, window brush, furniture polish, floor wax, wet mop, dry mop, sponge mop — about everything the brush man brings to the door is suitable for a household shower.

This shower must be organized the same as any other shower in order to avoid duplication of gifts. If, for instance, one girl feels she can afford to give a carpet sweeper and another not more than a bottle of furniture polish, there need be no chagrin felt because of the smaller gift.

Some girls prefer to keep the entire shower at the same cost for each participant. If this is the plan, the cost of food is added to the cost of one big gift, or all of the small gifts, and divided among all the girls. That way all the gifts would be put together and all the girls would sign the gift card.

There are many ways to present the gifts. Decorations for the shower are easy, with some crepe paper and a little imagination.

Cover a clothes basket, bucket or dish pan with brightly-colored paper and arrange the presents in and around it. Try making miniature brooms or dusters out of a fringe of crepe paper wrapped around the end of a lollipop stick.

Some girls do not think the element of suspense should be involved in a shower of this sort, and so prefer to present the gifts without wrapping them.

This is a lazy way to look at it but it is no doubt true that mops and brooms are pretty unusual types of packages to wrap prettily. So if you are stymied by the problem of wrappings, put the gifts outside the door or in an inconspicuous corner of the closet until you are ready to present them.

St. Clair PTA Members Dance to Sponsor Spring Trips of Drill and Safety Teams

While members of St. Clair PTA danced to the music of the King's Men in the school activity room last night, they were raising money for the group's project, too.

Since the school board no longer sponsors the drill team and safety patrol, the PTA has taken upon themselves, after the suggestion of Earl Strange Wednesday night at the executive board meeting, the task of sponsoring the trips to the Washington and Hershey meets at the end of the school term.

The masquerade dance last night and the Christmas party which will be Dec. 19, are money-raising efforts for this purpose.

'Ada Gives First Aid' in Methodist Hall Presented by Mothers' Class of Church

More than 150 playgoers viewed "Ada Gives First Aid," a comedy presented last night by the First Methodist Fellowship hall.

Methodist church Mother's class in the church school auditorium.

Directed by Mrs. Daniel Pettigrew, the satire dealt with the experiences of a slightly injured male who fell into the clutches of a band of self-taught first aiders.

After thoroughly bandaging their victim from head to toe, the women learned he was a doctor.

The doctor finally escaped to search for another doctor, but the would-be nurses found a policeman substitute and began hounding him as the curtain descended.

Featured in the cast were Mrs. Johnson Sabagian, Mrs. Maurice Mosheim, Mrs. Gene Shellenberger, Mrs. William Fosnocht, Mrs. Douglas Hale, Mary Brennecke, William Fosnocht and Gene Wing.

Mystic Menus Add to Hallowe'en Party Atmosphere

By CECILY BROWNSTONE
Special Press Staff Editor

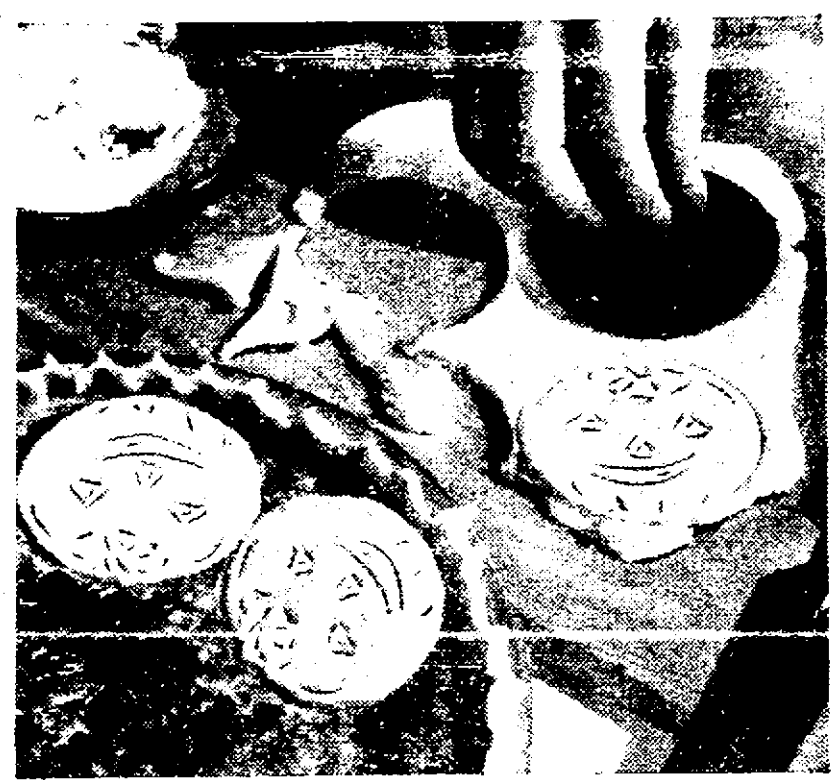

What to serve for dessert on Hallowe'en? Planning to have guests for supper, or just the family? In either case, this new sweet will be exactly right for topping off the holiday meal.

It's mince pie, flavored with molasses and orange rind, crunchily with pecans. That's the filling; the pastry crust is delicately spiced and flavored with orange, too.

Baking soda and vinegar also go into the pastry to help make it deliciously flaky.

For later-in-the-evening eating, we don't have to tell you to have apples on hand. Put several varieties in your bowl so apple-fanciers can take their choice.

With apples serve a bowl of snowy white popcorn and another one of nuts and raisins — if you really want to bewitch gourmands on All Hallow's Eve.

JACK O'LANTERN PIE CRUST

tablespoon vinegar, 3 tablespoons orange juice.

Method: Sift flour, sugar, salt, baking soda, allspice, mace and ginger together. Cut in shortening. Mix together vinegar and orange juice and add. Mix lightly with fork. Wrap in waxed paper and chill at least one hour. Roll dough 1/4-inch thick on floured board and use as directed in Hallowe'en Mince Pie. (This is a tender dough; "working" it in waxed paper for 1 minute will make it easier to roll.) Makes enough pastry for one 9-inch pie.

Method: Cream butter; blend in gradually and well the sugar, cornstarch and salt. Stir in molasses. Add eggs, one at a time, beating thoroughly after each addition. Add mince meat, raisins, chopped nuts and orange rind. Prepare pastry, and roll out one round of dough 1/4-inch thick to fit a 9-inch pan. Roll out remaining dough 1/4-inch thick and cut out jack-o'-lanterns with a plastic cutter or paper pattern. Line pan with pastry, pour in filling, and decorate with jack-o'-lanterns. Bake in hot (400°F.) oven 30 to 40 minutes, until filling is firm and crust well browned.

SPICED PASTRY
Ingredients: 2 cups sifted flour, 1/4 cup sugar, 1 teaspoon salt, 1/4 teaspoon baking soda, 1/4 teaspoon allspice, 1/4 teaspoon mace, 1/4 teaspoon ginger, 2/3 cup shortening, 1

Grace Lutheran Scouts Plan November Hayride

Hayriding Nov. 6 was scheduled by Girl Scout troop 4 of Grace Lutheran church at a meeting last night.

The scouts rehearsed their Christmas play "Can't Know Everything" during the meeting and discussed their visit to Pottsville Manor Nov. 1, part of the Girl Scout Week schedule.

Those present were: Judith Fryer, Joan Galeon, Joan Wager, Nancy and Donna Henry, Betty Taglieber, Ruth Meyer, Ella Mae Barnard and Barbara Johnson.

Suzanne Keeler, Joan Russell, Joanne Leiser, Mary Alice McCabe, Karen Bortner, Patsy Hanna, Anita Shaner, Diane and Linda Sandquist, Nancy Wilson and Barbara Heft.

Visitors were Melaine Manwiller, Janet Levan, Donna Ewing, Brenda Smith and Barbara Bartman.

LeRue Bickel and Joyce Herrlinger were the leaders.

South Coventry PTA To Give Hallowe'en Party for Children

The South Coventry Parent-Teacher association was entertained during its meeting last night in the school by the North Coventry Grange chorus.

Soloists for the chorus were Patsy Brockway, Margaret Stone, Joah Hartmier, Marlene Biehl and Thomas Wilson.

Plans were made by the PTA to sponsor a Hallowe'en party for the pupils in the school on Hallowe'en. Prizes will be presented in each room for costumes. The square dance which was scheduled for October has been canceled.

There will be a sauerkraut supper in the school on Nov. 8 from 4 to 8 o'clock.

As an incentive for the membership drive, a treat has been promised for the room with the largest percentage. Irma Knauer of the third and fourth grade received the attendance prize for last night's meeting.

Emmanuel Scout Troops Discuss Hallowe'en Party

Doughnuts and cider will be "musts" decided Scouts of Emmanuel Lutheran church for their Hallowe'en party next Wednesday night.

Present for the meeting Wednesday were Scouts of troops 1 and 2: Patty Foltz, Judy Meyer, Judy Boyer, Betsy Lender, Babby Geiser, Binnie Tisher, Betsy Iselt, Carol Ann Wentzel, Virginia Messer, Patty Missimer, Irma Hackman, Mary Ann Kulp, Margaret Kulp, Carlene Zimmerman, Judy Seavers.

Donna Boyer, Barbara Hanley, Linda Reidnour, Geneva Eagle, Marjorie Levan, Jo Ann Smith, Mary Ann Hasselhan, Judy Foley, Barbara Fillman, Joan Miller, Mary Kerns, Barbara Schaffer, Patty Zeigler, Judy Fryer; and two girls who are going to become Scouts, Peggy and Sandra Snyder.

Leaders were Virginia Mock, Janet Stetler, Jean Walker, Helen Kulp and Majorie Smith.

New Hanover Home Community Club Sets Date for Card Party

The Home Community club of New Hanover at its meeting yesterday made plans for a card party to be held on Nov. 5 in the home of Elueda Spare, Fruitville. Husbands of the members are invited.

A nominating committee of officers was appointed by the president, Anna Renninger, consisting of Helen Renninger, Florence Landis and Sarah Acker.

The club will meet again Nov. 20 in the home of Sadie Deysher, New Hanover. The topic for that meeting will be "Food Gifts for Christmas" and the home economist of Norristown, Della Short, will be present.

Pottstown Portraits

A Quick Look at Your Neighbor

By IRV ROLLMAN

THERE IS PROBABLY NO ONE ELSE IN THE POTTSTOWN SCHOOL SYSTEM who gets to know the pupils, teachers and parents as well as does Mrs. Ethel H. McConnell, 601 North Evans street, elementary school nurse. In her job, Mrs. McConnell is one of the guardians of the health of the elementary school pupils and as a result is in close contact with all three groups of people.

As a school nurse, it is Mrs. McConnell's task to assist the doctor with the examinations of the school children and to interpret the results of the examination for the parents. She also assists in the dental examinations and makes interpretations. It is also one of her duties to help in the examining for a question of a contagious disease and to follow up all reports to the parents with personal visits.

Mrs. McConnell must be ready for any emergencies while at school. If a child becomes sick while at school, she is prepared to take care of him. And, if he gets hurt, she must administer first aid. And besides that she is always on call.

At present, Mrs. McConnell is on the jump. Her headquarters are in the Franklin school building, but she works each morning at the Jefferson school and in the afternoon she is working with the dentist at the Lincoln school. Her job keeps her on the go and in a month's time, she covers better than 600 miles driving.

"But I love the work," she says. "I like working with children and I think the people in Pottstown are so very nice."

Mrs. McConnell was born Ethel Hine in New Milford, Conn. She attended school there and was graduated from New Milford High school in 1924. Following high school, she worked as a clerk in a grocery store and an office. In 1927 she married W. Joseph McConnell, a construction machine operator. Her husband died in an occupational mishap in 1930.

In 1931, Mrs. McConnell went into training as a nurse at the Mt. Auburn hospital in Cambridge, Mass. She had two sisters who were in nursing and they encouraged her to try it because they felt she would like the work. Some of her friends who were nurses also urged her to take up a nursing career.

From 1934 to 1938 Mrs. McConnell worked at the Mt. Auburn hospital following her training. In the latter year, on the advice of a friend she came to Pottstown to fill in for Mrs. Mildred Hutt, the regular school nurse, who was on a leave of absence.

"After a year on the job," Mrs. McConnell says, "Mrs. Hutt returned but the school district found that they needed two nurses and I was employed and I've always been happy about it."

When she first started, Mrs. McConnell worked in all the schools. Now there are three nurses and the job is divided three ways. But, even though her work is mainly with the pupils in the elementary schools, Mrs. McConnell works hand-in-hand with the other nurses.

Next to her work, Mrs. McConnell loves baseball. She is an avid American league fan and knows her players and teams. Although not a die-in-the-wool follower of the national pastime, she can quote individual records of some of the players. This year, however, she pulled a switch on her favorite league.

"For some reason or other," she says, "My heart was with the Dodgers in the series, but my reasoning was with the Yankees."

Mrs. McConnell has not limited her nursing to the schools. She works two nights and Saturday of each week in a local doctor's office. And when vacation comes around, she spends it working. She likes school nursing and "hospital" nursing and finds that there is a great deal of difference between them both.

"There is no comparison between school nursing and hospital nursing," she says. "Each is an entirely different branch of work. When you're a nurse, you love nursing and that's it."

TO NELSON GROFE, BOYERTOWN RD 1, ART SUPERVISOR FOR THE POTTSTOWN SCHOOL DISTRICT, art is not only his job, but it is his life and pastime as well. A former industrial artist and magazine illustrator, Grofe took up teaching art in schools in order to give students the necessary background in it to appreciate and enjoy art.

Nelson Grofe

Following this, Grofe took a job with the Tin Decorating company in Baltimore as a designer for tin containers. The company had accounts from some of the largest packers in the country. While with the company, Grofe studied nights at the Maryland Art institute.

He stayed with this company for about six years. During his last three years with the company, Grofe headed the designing section. But the work was too routine for him and he soon packed up his samples and headed for New York City to visit the offices of publishers. Grofe believes he broke into the illustrating field easier than anyone else he has ever encountered. He had one sample, a black and white reproduction, which most of the art editors liked and which he says got him more jobs than anything else.

But even this work turned out to be routine for Grofe. Assembly-line art was never to his liking. Some of the first pictures he sold were flower paintings. Before he knew it, orders were pouring in from editors for more flower paintings.

"It wasn't long until I was pigeon-holed as a nature artist," Grofe says. "From then on, I only got orders for bird, flower and animal pictures."

Grofe did most of his illustrating work during the depression years. He remembers them as his best years. Everyone else seemed to have been hit by the depression, but Grofe recalls that he didn't know much about what a depression was supposed to be at the time.

"But eventually, the depression caught up to me," Grofe says. "As magazine circulation dropped, so did advertising lineage, and so did the high-paid artists and editors."

That was when he decided to take up teaching. He had enough art credits but he lacked the academic credits to teach. Following a year-and-a-half course at Kutztown State Teacher's college, Grofe got certification to teach. He began teaching in the Pottstown school system at the age of 40.

Formerly, Grofe handled art in all the schools, but now his assistant takes care of the elementary schools. It makes the job easier, Grofe points out, but it also takes away a lot of the interest. Grofe liked working in the elementary schools because he found that the art forms there are more spontaneous.

Grofe has noted since his entering the school system that some of the pupils here are gifted artists. Many of them have gone on from high school to attend art institutes. But, he has noticed one thing apart from all the rest. That is, that football players and other athletes are usually especially good in art. But he fails to note that they have an instructor who is very good to work with.

Stevenson Thanks Paper For Endorsement of Him

ERIE, Oct. 16 (AP) — Gov. Adlai Stevenson, expressing thanks to the Erie Dispatch for its endorsement of him for president, has written Publisher Edward Lamb:

"I think of late there is even more serious cause for alarm about a Republican opposition along the lines that your editorial indicates."

The Dispatch editorial, in explaining why the newspaper is supporting the Democratic presidential candidate, said in part:

"General Eisenhower, after having spent almost his entire life in the Army, has been induced to accept leadership of a political party which is unable to loose the shackles of the most reactionary people in the nation."

'Brain Burglar's' Widow Gets Additional Sentence

WASHINGTON, Oct. 16 (AP) — Mrs. Roberta Wright, widow of "brain burglar" Millard Wright, will spend at least three more months in jail.

She received a nine-month sentence yesterday — to run concurrently with a six-month jail term — from Butler county court after pleading guilty to burglarizing a

Charlotti home of articles valued at \$500. Her husband, who underwent a brain operation to curb his urge to steal, committed suicide several months ago in the Butler State Penitentiary after his arrest in connection with thefts totalling \$25,000.

Big Audience of Women on Hand To Sigh at US, European Styles

Amid a setting of leaves and Smith and Mrs. Norman Mowrey flowers, a capacity crowd witnessed the Fall fashion show sponsored by the Women's Library club of Spring City in the gymnasium of the high school Wednesday night.

A complete picture of the newest in fashions for women was presented by an Allentown department store.

Original creations as shown in the fall collection of the show, which was presented by the Women's Library club of Spring City in the gymnasium of the high school Wednesday night.

World famous designers represented included Christian Dior, Jacques Fath, Balenciaga, Mme. Elsa Schiaparelli, Hubert de Givenchy and Jean Dessès.

An interesting note was the comparison of a Paris original at a cost of \$1150, and an American copy of the same design made to sell for \$119.95.

After the show prizes were awarded to Mrs. Dorothea Miller, Mrs. Kathryn Trunk, Mrs. Ella Grossmiller, Mrs. Harold Turner, Mrs. Albert Fenderson, Mrs. Luther Godshall, Mrs. William Keim, Mrs. David Hunsberger, Mrs. Edith Tiffani, Mrs. Charles Kramer, Mrs. William Wenzel, Mrs. Gertrude

1500 PERSONS LINE STREETS TO SEE PARADE

Flames Shoot 50 Feet In Air During Fire Fighting Display

Approximately 1500 persons lined the streets last night to witness Boyertown's Fire Prevention Week parade.

The parade was followed by a fire-fighting demonstration and rescue of a person from a "burning" building.

Inspection of borough buildings by a 40-man crew of the Fire Safety association of Pennsylvania and the awarding of cash prizes to essay winners in the Boyertown High school will climax Boyertown's "private" week today.

The parade started at 7:15 p. m., with the sounding of the borough fire whistle alert the Boyertown Burial Casket company. Two cars bearing Borough Burgess James A. Fritz and council fire committee members J. Clifford Levengood, George Schoenly and Robert Stauffer, were followed by another car carrying the winners of the essay contests conducted in the High school.

The Charles B. Yerger Post 471, American Legion drum and bugle corps, headed by the Boyertown Post 3457, VFW color guard, was next in line. Three pumpers from the Keystone Fire company, Boyertown, preceded the Boyertown Lions Community ambulance carrying the president of the corporation, Earl H. Keim.

NEXT IN line was the pumper and firemen of the Keystone Fire company, Bechtelsville; then Earl Township, Liberty Fire company, New Berlinville and the Barto fire company.

The color guard and cheer leaders of Boyertown High school were followed by its band under the direction of Richard Grabert, members of Boyertown Boy Scout Troops 1 and 3 followed.

The Gilbertsville Fire company marched with its emergency truck and pumper and was followed by the Goodwill Fire company engine, Bally and the Bally Community ambulance.

The Friendship Hook and Ladder company was last in

Officer Installation Set for Next Meeting Of Legion Post 471

Charles B. Yerger Post 471, American Legion Ladies' auxiliary, will install officers at the next meeting. Mrs. Verma Hilbert, Eastern director of Topton, will be in charge.

The refreshment committee composed Mrs. Peter Reppert, Emma Heere, Mrs. Abraham Sell, Mrs. Walter Nagel, Mrs. Charles Edgemoor and Mrs. Harvey S. Galt.

Mrs. Leonard Blazes, incoming president, and Mrs. Arthur Y. Miller, present president, attended the recent secretary-president's conference at Harrisburg.

Elmura Mauger read a letter received from the Pennsylvania association for retarded children.

Mrs. Elton Thompson, coupon chairman, read a list of valuable coupons and urged members to save at least 100 of the various coupons. Each member was supplied with a list.

line with its emergency truck, crash truck, pumper and ladder trucks.

A fire-fighting demonstration took place on the Friendship Hook and Ladder company parking lot following the parade. Oil fires were started in a pool and after climbing a spout and igniting a pole, extinguished by carbon dioxide and dry powders from extinguishers handled by David Stevens and Jack Kline.

A HUGE POOL, first partially filled with water and then several drums of oil, was set ablaze several times and firemen extinguished these flames first with dry powder and then with a booster stream and again with dry powder. Flames leaped 40 to 60 feet into the air.

The climax of the demonstration was the rescuing of Glenwood Weller, first assistant chief of the Friendship company, from the roof of the "burning" Friendship ladder truck.

The demonstrations were under the direction of Jack Stauffer and Leonard Shollenberger, fire chiefs of the Friendship and Keystone Fire companies.

The coordinator, Rowland A. Read, borough manager and all who took part in the Fire Prevention week program, will attend a luncheon today at 1:15 p. m. in the Keystone Fire company.

BECHTELSVILLE

Nissa Pauline Ebst, corr. Ronald Gerhart, del.

A building permit was granted to Willard M. Eshbach at the regular meeting of the borough council for the erection of a story and a half home on his Spring street lot.

Kenneth R. Stimmel who had resigned as police chief decided to continue his duties in this position. Aaron H. Rohrbach and council members feel that Stimmel has done an excellent job in this capacity and were very glad to re-instate him as police chief.

Norman B. Miller, chairman of the street committee, reported that W. R. Crossdale, Pottstown, had macadamized a 30-foot section at the junction of Limekiln road and Route 100.

An assessment notice for \$30 covering the borough owned lot on Church street was received from the Berks county Board of Assessment and Revision of Taxes. Council received a request to pay an additional \$10 to help defray expenses of the Air Spotters post at Landis Store. Grant R. Moyer, president, presided at the meeting.

The Rev. Henry H. Harms, supply pastor of Trinity Lutheran church, administered communion services at which time four catechumens received their first communion. They were, Eleanor Dengler, Minerva Ann Rosenberger, Janet Conrad and Barbara Shaner.

A Halloween party was planned by the social committee of the Loyal Builders class of Trinity Union Sunday School at a meeting held in the church. Clarence Moyer, chairman, presided. The party will be held on Friday evening, Oct. 24, at Elmer Fronheiser's bungalow, Hill Church road. There will be games, refreshments and prizes for the masqueraders.

Other committee members are: LaVerne Miller, Warren C. Yerger, Mrs. Elva Moser, Mr. and Mrs. Herbert D. Fronheiser, Mr. and Mrs. Melvin R. Moyer, Mr. and Mrs. Henry Spohn, Mr. and Mrs. Grant R. Moyer, Martina Heydt.

Gerald Bauer, LaVerne Stimmel and Earl Drumheller.

The annual outing of the Bechtelsville Giants Athletic association will be held at Elmer Fronheiser's bungalow, Hill Church road, on Saturday morning. In charge of arrangements are: Gerald Bauer, chairman; LaVerne Stimmel; LeRoy Hartman and Clarence Moser.

The Ladies auxiliary of the Keystone Fire company will celebrate its first anniversary at the regular meeting in the fire hall on Tuesday, at 8 p. m. A hot social and covered dish social will follow the business meeting.

A nature hike was planned by the girls of Patrol 2 at the weekly meeting of Girl Scout troop 21 in the Keystone Fire company's meeting room. The girls will leave from the fire house building on Saturday morning at 7 o'clock.

Shirley Stauffer is the patrol leader and other members are: Arlene Gabel, Joyce Shaner, Jeanette Stauffer, Delores Stauffer, Barbara Gabel, Ruth Ann Biery, Barbara Fronheiser and Joanne Stephens. Girls of Patrol 1, Rosalie Brooke, leader, are arranging a Halloween party to be held on Tuesday evening, Oct. 21, in Stauffer Brothers' fruit packing house at 7 o'clock. Other patrol members are: Arlene Moyer, Lorene Weil, Clara Bauer, Frances Maunzer, Rosalie Brooke, Annetta Reichert, Anne Gilbert, Eleanor Zern, Rosalie Shaner, Fay Moser and Mary Stephens.

A dinner meeting was held by the members of the Bechtelsville Community club at Lakeside inn, Limerick. Attending were: Neola Stauffer, Fern Fronheiser, Mary Herb, Ruth Flicker, Pauline Ebst, Anna Luft, Marie Ebst, Mrs. LeRoy

Ken Merlin, quarterback of the Hill school Fourth, moves around his right end as West Pottsgrove players, Dale Numan, No. 29, and Rog Reider, No. 23, close in for the tackle. Other Falcon players pictured are Paul Strzelecki, No. 17; Paul Fontana, No. 12;

and Roy Mest, No. 13. This game which ended in a 0-0 tie was part of the huge athletic program carried on at Far fields by the Hill school yesterday afternoon. More than 200 boys participated in the five games played.

Stopped in Mid-Air

We Evans, Hill school back is hit from two sides by two members of the Pottstown Junior High 100-pound team at the Far fields yesterday afternoon. No. 13 making the tackle is Herb Myers. Assisting him to the right is Ed Hartline, No. 25. Center Banks and No. 14, Walt Harasin move in to help out. Just to the left of Harasin is Charles Gillis.

Advancing Hills

The forward line of Hill school's jayvee soccer team moves forward as its game with Warwick High school gets under way at Far fields yesterday afternoon. Left to right are Bob McKean, Hugh Robinson, J. C. Clark and Jim Howell. The jayvees won the game, 3-0, with McKean scoring twice. This was one of the five games involving more than 200 boys that opened the Hill's Far fields program under the direction of Stanley A. Ward.

Moving in for Kill

Two Warwick High school jayvee soccer players move in on the ball as a Hill school player is squeezed out in the game played on Far Fields as part of the opening day program headed by Stanley A. Ward. The Hill Thirds won this game, 4-1.

Spring City Lists Night Till Oct. 24

Spring City will play its third night game of the season next Friday, Oct. 24, meeting Marple-Newtown, away, at 8 o'clock. The game had originally been listed for next Saturday, but Liberty High principal Kenneth Whitney yesterday disclosed the game would be moved up 18 hours.

This is the first season the Pirates have ever played night football, and they're really going at it now. SC lost to Shillington, 7-0, in Albright Stadium in one of the nocturnal tilts played so far. It travels to Norco on Thursday, Oct. 26 in the final after-dark clash of the year.

Small Texas Star Threatens Records in First Season

NEW YORK, Oct. 16 (AP)—After only four games, Don Gottlob, a little quarterback from a little college, Sam Houston State of Texas, looks like a cinch to wipe out the small college football record for yards gained.

Gottlob, who is only five feet nine inches tall and weighs 165 pounds, has gained 1011 yards—mostly through the air—in four games, the weekly statistics released today by the National Collegiate AA service bureau reveal.

The record of 2006 yards by rushing and passing, was set in 1949 by Connie Callahan of Morningside. He needed 11 games for that total. Gottlob has five more games to go.

The only other football player ever to gain more than 1000 yards in his first four games of a college season was Stan Heath of Nevada, another star passer, who piled up 1033 yards in the first half of the 1948 campaign.

Gottlob, who couldn't make his high school team a few years ago, also is the leading small-college passer with 63 completions in 105 attempts for a 60 percent average. All but three yards of his total has been gained by passing. He took the passing lead from Wes Bair of Illinois Normal by connecting on 21 of 31 attempts for 290 yards against Texas A&I last Saturday.

MOSTLY BECAUSE of Gottlob's pitching, Sam Houston also leads the small college teams in passing with 68 completions in 125 attempts and is third in total offense with an average of 456.3 yards per game.

Bucknell, with its "touchdown twins," Brad Myers and Burt Tallmage, sharing the burden, is the over-all yardage leader and also leads the teams in rushing. Facing the strong Temple owls last week, Bucknell dropped to a "mere" 503.7 yards per game average.

Despite this amazing team record, Myers is only 10th in the individual rushing statistics with 445 yards in three games. The leader, is Pat Abbruzzi of Rhode Island, who has lugged the ball 564 yards in four games.

Bruce Bowen attempts a penalty kick in the Hill school's midget team soccer game with Warwick Juniors at Far Fields yesterday afternoon. Bowen's kick failed to connect for a goal as the teams battled to a 0-0 tie. To the left of Bowen with his hands on his

knees and ready for action is Benji Rose. The vast Far fields were a busy place yesterday as five games were in progress which included 200 contestants. Similar programs will be held during the season involving Hill teams and area opponents.

Dick Modzelewski Named Top Lineman in Weekly Poll

NEW YORK, Oct. 16 (AP)—Maryland's husky 235-pound tackle, Dick "Little Mo" Modzelewski, won lineman of the week honors today in the weekly Associated Press poll.

Thus the Maryland-Navy game Saturday at College Park, Md., gains an added feature. Pitted against each other will be Modzelewski and Steve Eisenhauer, the Navy guard who was named lineman of the week seven days ago.

Modzelewski, a 21-year-old senior from West Natrona, grabbed this week's laurels for his great defensive game against Georgia. He made tackles all over the field. His ability to break through and smear the Georgia runners kept the Bulldogs from developing any sustained drive while he was in the game.

Eisenhauer made a strong bid in an effort to win the award for the second straight week. He again was outstanding in Navy's win over William and Mary.

TOMMY O'CONNELL, 22-year-old Illinois passer, was chosen back of the week for his outstanding performance against Washington. The sharp-shooting junior tossed five touchdown passes within 20 minutes and hit on 14 of 17 for 262 yards.

This week's nominations: Guards—Sevell, Texas. Eisenhauer, Navy. Pickard, Wake Forest. Burrows, Duke. Tucker, Eastern Carolina.

Tackles—Mims, Mississippi. LaPradd, Florida. Meadows, Duke. Modzelewski, Maryland.

Centers—Cattlin, Oklahoma. DeBay, UCLA.

Ends—Pitt, Duke. Bell, Pennsylvania. Martin, Georgia Tech. Rottiff, Tennessee.

There were about two million college students in the United States in 1951.

Everybody plays something at The Hill school and yesterday they had just about everyone playing as over 200 embryo athletes took part as the Blue school's Far field soccer and grid campaigns opened for the year.

Five tilts—two football, three soccer—look place yesterday in the opening day of the 46-game plan directed by Stanley A. Ward, and the local preppers came out of it unbeaten. They won three and deadlocked the other two in scoreless ties.

The Far fields plan aimed at underformers, has a place in it for every student outside of those already on varsity teams and has been cited in many instances as the factor behind the perennially top-flight turnout of athletes at The Hill.

Yesterday's tilts ranged from the football Fourth to the Midget soccermen.

The Fourth tied West Pottsgrove High's varsity, 0-0, and the Sixth Seconds topped the second team 100-pounders of Pottstown Junior High, 13-0 on a pair of TD runs by Connie Ullman.

In soccer, the Blue Jayvees topped Warwick, 3-0, with Bob McLean scoring twice, the Thirds, bounced the WHS Jayvees, 4-1, and the Midgets stalemated the Warwick Juniors, 0-0.

In most cases below, only the starting linups were available.

Dick Groat Joins All-Star Roster For Garden Tiff
NEW YORK, Oct. 16 (AP)—Dick Groat, Pittsburgh Pirate shortstop and an All-America basketball at Duke last winter, today was added to the College All-Star basketball team which will meet the New York Knicks at Madison Square Garden Oct. 25.

Groat, who will play with Fort Wayne during the NBA season, was the last player named to the squad.

The others are Rod Fletcher, Illinois; Mark Workman, West Virginia; Bob Zawoluk and Ronnie

11 RED ATTACKS TURNED BACK BY INFANTRYMEN

Casualties by Hundreds
Are Added to Toll of
Communist Foe

SEOUL, Friday, Oct. 17 (AP)—Infantrymen beat off 11 Chinese Red attacks last night and today on Triangle hill and Sniper ridge in central Korea, adding hundreds to Communist casualties exceeding 3000 since Tuesday.

Communist dead covered with frost, were strewn over the craggy battlefield.

AP Correspondent Mido Farreti said the Reds used up to 1500 men in six heavy attacks against U.S. Seventh division defenders of Triangle hill. An estimated 300 were killed.

On nearby Sniper ridge, two miles east, Republic of Korea (ROK) Second division soldiers repulsed five Red attacks between 8 o'clock last night and 7:30 a.m. today. So deadly was the ROK fire supported by tanks and mortars that the attackers were unable to close for hand-to-hand fighting.

THE REDS advancing over the bodies of their dead have been sent against Triangle hill and Sniper ridge from towering Papa San mountain northeast of Kumhwa. At dawn today, Navy warplanes roared down and gave Papa San a fiery working over.

The Communist assaults weakened noticeably. On Sniper ridge, South Koreans set off dealing charges of explosives sealing caves sheltering Reds who refused to surrender.

The honeycombed caves on Sniper ridge were reminiscent of fighting with the Japanese in the island campaigns of World War II.

Allied casualty figures put Red losses on the two peaks at more than 3000 killed and wounded since the UN assaults began Tuesday.

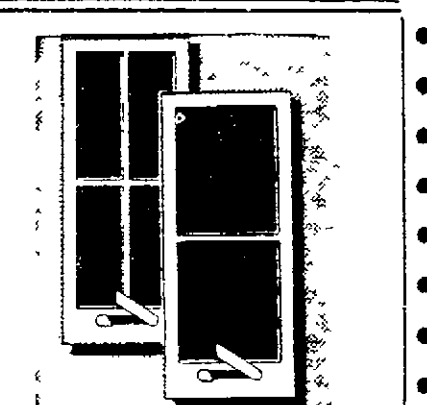

More than 300 Chinese bodies were strewn over Sniper ridge.

The fighting on Sniper ridge and Triangle hill was by far the heaviest across the Korean 155-mile battlefield during the day.

The enraged Chinese hurled in savage, but unsuccessful attacks under the whiplash of Allied war planes.

Planes circled overhead in a continuous ring, peeling off and pouring bombs, rockets and searing napalm on the Chinese.

Once the Chinese drove the Koreans from Pinpoint hill but they could not hold Koreans who stormed back up the height captured 50,000 rounds of machine gun and rifle ammunition.

Sen. Nixon Says Adlai Is Red 'Appeaser'

EVANSVILLE, Ind., Oct. 16 (AP)—Sen. Richard M. Nixon, winding up a day-long Indiana campaign tour, called Gov. Adlai E. Stevenson an appeaser of Communism tonight.

The Republican vice-presidential nominee in a speech prepared for delivery declared the Democratic standard bearer carries a Ph.D. from Dean Acheson's cowardly college of Communist containment.

Nixon's appearance at the 3800-seat Evansville Memorial coliseum climaxed a series of six "whistle stop" talks along a 250-mile diagonal route from Logansport to Evansville.

At each stop the Californian urged the reelection of Sen. William E. Jenner of Indiana, whom he called a "fighting senator in the fight against Communism." Jenner, who is opposed by Gov. Henry F. Schickler, the Democrats' best Hoosier vote getter, appeared on the rear platform with Nixon and introduced him at Lafayette.

Jimmie Fidler Found in Contempt of Court

LOS ANGELES, Oct. 16 (AP)—Jimmie Fidler, movie columnist and radio commentator, was found in contempt of court today for refusing payments to his former wife.

The sentence of five days in jail was suspended on condition Fidler pay up what he owed his ex-wife, actress Bobbie Sutton.

Her attorneys had charged that although Fidler was under court order to pay \$350 monthly child support for a 10-year-old daughter, Bobbie Jr., he had reduced the amount to \$200 without asking court approval.

Miss Sutton alleged Fidler earned a gross of approximately \$90,000 a year and can afford the larger amount.

Motorship, Oil Tanker Collide, But Reach Port

PHILADELPHIA, Oct. 16 (AP)—A motorship carrying 25 persons and a loaded Gulf Oil corporation tanker collided in the Delaware river last night near Chester.

There were no casualties and damage to both vessels was not serious enough to prevent them from reaching port.

The motorship Anne Marie, headed for the West Indies, pulled in at the Sun Shipbuilding dry dock company yards for examination of damage. The tanker Yacona docked at the Gulf Oil corporation pier in Philadelphia.

Cause of the collision was not disclosed.

Victories Are Scored By GOP in Alaska

JUNEAU, Alaska, Oct. 16 (AP)—The Republicans of dominance of the territorial legislature in the party's biggest Alaskan revival since the New Deal's advent.

Complete returns from populous Anchorage increased the Republican trend in a normally Democratic division (election district). They squeezed two or three remaining Democrats from the list of leaders for 10 seats in the territorial House.

of Representatives—a delegation that was solidly Democratic in the 1951 session.

At the same time the territory's voters returned their Democratic delegate, E. L. Bartlett, to Congress.

In June of the vast territories scattered precincts Bartlett had 11,379 votes to 878 for Robert C. Reeve, an airline operator and the Republican nominee.

It was a clear win for Bartlett but sharply trimmed from his four to one margin in the last primary.

Polls and Their Worth

THE poll is an entrenched American institution.

It is used in an attempt to cast light on almost every conceivable public preference and prejudice—from whom we want for President to what kind of toothpaste we most favor.

In the realm of politics the carefully-conducted polls have had a very excellent record of accuracy, despite the universal failure of any of them to predict Mr. Truman's election in 1948.

According to Dr. Gallup, dean of the pollsters, who missed the boat along with all the others, this was primarily due to a considerable percentage of the voters remaining undecided until the last minute and then deciding almost en bloc that Mr. Truman was a better bet than Governor Dewey.

In any event, another polling season is now in full bloom and, of course, most attention is being given to the Eisenhower-Stevenson race.

Early polls indicate that it's a neck-and-neck affair so far, though the General seems to have been picking up ground. There are more than enough on-the-fence voters at this stage of the game to swing the decision either way.

A different kind of poll, and a very interesting one, was conducted by The Publishers' Auxiliary. This was a grass roots poll, sent to weekly papers and to dailies with circulations of less than 25,000. Answers were received from 3062 of the weeklies and 449 dailies. The Auxiliary recently tabulated and made public the results.

Three questions were asked: "I think people of my community favor?" "My personal choice at this time is?" "My paper will support editorially?"

To the first question, 64.3 percent of the weeklies and 65.3 percent of the dailies named Eisenhower; 25.9 percent of the weeklies and 23.2 percent of the dailies named Stevenson; 9.8 percent of the weeklies and 11.5 percent of the dailies were undecided.

To the second question, 66.5 percent of the weekly publishers and 70.4 percent of the daily publishers hoisted the Eisenhower flag; 25.2 percent and 22.5 percent respectively came out for Stevenson; 8.3 percent and 7.1 percent were undecided.

To the third question, 47.5 percent of the weeklies and 56.1 percent of the dailies named Eisenhower; 14.2 percent and 12.9 percent put themselves on the Stevenson team; 28 percent and 20.3 percent indicated they would not back either man; 10.3 percent and 10.7 percent were as yet undecided.

In this grass roots poll, therefore, the Eisenhower adherents constituted a very great majority.

That held true in the big, key states where the battle will be largely decided.

In New York, for instance, the papers said that the people of their communities favor Eisenhower by 88.5 percent to 6.5 percent; in Ohio it was 74.5 percent to 10.6 percent; in California it was 63.8 percent to 19.9 percent; in Pennsylvania it was 75.8 percent to 17.2 percent.

It must be remembered that this poll was based only on estimates of sentiment in the smaller communities of the nation, and that it did not reach into the big centers where the Democrats have often run up huge majorities in the past and hope to again.

A main objective of Governor Stevenson's campaign is to cement that urban vote solidly behind him.

A main objective of General Eisenhower's campaign, conversely, is to shake as much of that vote as possible loose from the Democrats and bring it into the GOP fold.

Death Sentence Upheld

THE Supreme Court has refused a hearing for Julius and Ethel Rosenberg, who are under sentence of death for their share in a Soviet spy ring that is believed to have hastened Russia's development of atomic weapons. The 8-to-1 decision is evidence of the severity with which the offense is regarded in this hour of conflict with communism.

The decision leaves the husband and wife team no hope of escaping Sing Sing's electric chair except by a commutation of sentence by the President. The Supreme Court's refusal to interfere upheld the appeal court's unanimous verdict that the stiff sentence, the first of its kind ever imposed outside an American military court, is constitutional.

Both higher courts disregarded defense pleas that the espionage, although it occurred in time of war, was done for an ally and not an enemy. Evidently the justices feel that the will letter of the law is justified against any "treachery" exposed at this time.

We believe most Americans will agree with them. They will not pity the Rosenbergs.

Grampaw Oakley

PUNKIN CORNERS, October 16.

Editor, The Mercury:
 Dear Sir: I see by the papers where there's one bright side to the political campaign—at least half the candidates are made happy!

If nothing else, the campaign has brought a night about one major change. Every town is glad to be a whistle stop.

And say: Right now the campaign looks like a draw. Ike is drawing most of the crowds and Adlai is drawing most of the conclusions!

Hopin' you air the same.

GRAMPANED OAKLEY

READERS SAY:

Education Shouldn't Be Forced

Progressive Education Backed

To the Editor: In this whole affair over Dr. Hall's speech before Kiwanis on progressive education, probably what is most distressing is the assumption nearly everybody makes that progressive educators are not interested in teaching "readin', writin' and 'rithmatic."

Nothing could be further from the truth.

What is at issue between Dr. Hall and the so-called progressive educators is the best method by which to teach these necessary subjects.

What it boils down to in my view—and I am a product of a progressive school—is that the old-fashioned school teacher feels the fundamentals of education must be drilled into the pupil's mind through sheer force of repetition and memorization while the progressive educator feels learning can be made easier by having the pupil discover answers for himself through experience.

So many people seem to take offense

at the word "easier" in connection with progressive education.

I wonder why.

Learning should not be a dull, deadening process, but something in which the pupil, whether he be 5 or 50, can find joy. Obviously, the easier it is for the pupil to learn, the more time he will have to learn.

It is a terrible mistake to believe that progressive educators, if they have their way, would plow our whole system of education under in favor of mass television classes, etc., as some of their opponents hint.

I don't like poor television shows myself, but it would only be a sign of my own narrowness if I said categorically that television cannot function, under the proper guidance, as a supplement to the classroom.

What we need are more good teachers, progressive, old-fashioned, or otherwise, whether in the classroom or on television.

Poor Sportsmanship

To the Editor: What's happening to Pottstown sportsmanship? It seems as though every time two teams meet the results are a battle.

The Pottstown fans are really going to the dogs when they have to pick a fight when their team is going down to defeat.

If you can't stand your team losing a game, go out when you think they are a sure winner.

There is no use going to a game and making a fool out of yourself and the rest of the Pottstown rooting section.

It doesn't matter whether we win or lose, we should always have our school spirit.

Saturday when Phoenixville invades let's show them real Pottstown sportsmanship and leave the game like real sports.

Whether we lose or win we should never leave a game with a chip on our shoulders.

WASHINGTON

Russian Congress Shows Stalin To Retain Power

By RAY TUCKER

WASHINGTON, Oct. 16—Diplomatic analysis of Stalin's schemes as foreshadowed at the recent Communist Congress in Moscow provide both good and bad news for the embattled democracies, especially the United States.

The conduct of the Red carnival has dispelled any belief that Stalin intends to relinquish control of the Party or Government, although he is expected to advance Malenkov as the top Communist politician and Molotov as the potential heir to the Kremlin.

It is significant that there has been no mention in the Soviet press about Anglo-American speculation on a possible successor. In Russia, editors don't dare to speculate on this subject.

Stalin remains as boss, visibly or invisibly. His sinister ambitions for worldwide expansion of Russia's totalitarian and authoritarian system stand as the permanent marching orders for Communists everywhere. Always an opportunist, he will wait upon circumstances to determine whether he shall seek to achieve his goal by continued cold wars or by an actual attack on the West.

Regardless of which avenue toward world domination he chooses, he looks upon the United States as the only obstacle in his parade. So long as his World War II ally and benefactor stands as a stronghold and inspiration of the so-called democracies, he knows that he cannot achieve the Lenin-Marx-Stalin dream.

That is the bad news as such students of Russian as excommunicated Ambassador George F. Kennan and Secretary Acheson review Russia's latest demonstration of her aims.

WAR IN RUSSIA: It is the details of Stalin's program for destruction of the United States and world conquest which encourage western experts to believe that he is talking through his hat, as he has frequently done before. They attribute his optimism to the fact that he wants to prepare his people for further hardships and sacrifices.

Stalin minimizes another global conflict involving the Russians because, in his opinion, the capitalist powers will fall to fighting among themselves. He maintains that defeated Germany and Japan will eventually try to throw off the American yoke. In fact, he invites them to make the effort.

The dictator's dreams on this question may fool the Russians, but they do not disturb the State Department or 10 Downing street. Stalin is the last man to want a strong and rearmament Germany and Japan on his borders. And the fear of the Reds in Western Germany and Japan is counted on to keep them on our side.

ABSURD SPECULATION: Stalin also engaged in another absurd speculation. Continuing his attempt to drive a wedge between ourselves and our European allies, he envisages the day when Britain and France may side with him as against the U. S.

It is true that London and Paris are irked by their dependence on us. But their hope is to form a third power composed of Marshall Plan countries, vis a vis the United States and Russia. There is no fear along Pennsylvania avenue that such a European regrouping would ever seek friendship with or membership in the iron curtain brigade.

An especially astute diplomatic reporter likened the Moscow gathering to one national conventions of our major political parties. Each damns the opposition's record, and promises Utopia if the "trascals" are thrown out. Their talk, of course, is for the voters' consumption.

Since there is no opposition in Russia, Stalin attacked the United States. And, like the orators at Chicago, the Politburo's spokesmen had their eyes and tongues on the Sovietwide people rather than the 1200 delegates in the palace of the czars.

The deal for Bill Miller to take over The Gilded Cage site on Broadway has reached the stalemate stage.

TOPS IN TOWN: New York's most danceable music—Ted Straker's at Goetz's Lounge. . . . Robert Clark's impish comedy at the Village Vanguard. . . . Gloria Marlowe's amusing portrait of an Italian actress in "In Any Language." . . . Illinois Jacquet's jazz at Birdland.

When Jose Ferrer returns from Europe after completing "Moulin Rouge," he and Phyllis Hill will decide on the time and place for the divorce. He's expected to marry Rosemary Clooney when freed. Mrs. P. seems to be in an equally romantic mood over Marion ("See Here, Private") Hargrove. . . . Friends of Pat Ward, implicated in the Gotham vice probe, are betting she will refuse to testify against Mickey Jelke.

The Worry Clinic

By DR. GEORGE W. CRANE

TOM T. 44, is the advertising executive who has such an inferiority complex that he gets drunk about once every week.

He heads a large organization. But he isn't sure of himself. This lack of certainty carries over to his sales presentations, and is ultimately going to ruin him.

When you are a public speaker or salesman or a doctor, you must radiate assurance if you wish to develop belief. And unless the audience or customer or patient believes in YOU, they will not be likely to believe in your speech or sales talk or medicine.

Where did Tom become infected with this virus of doubt and uncertainty?

It started in his own bedroom. His wife doesn't realize that she has indirectly been responsible for breaking her husband's morale but that is the case.

Tom has even been running around with girls of 20, too, but I think his wife is still ignorant of that fact.

BOTH HIS drinking and his inferiority complex before customers, plus his affairs with young women, and even his snarliness toward his wife, are symptoms of the same condition.

When men approach the age of 40, their ardor is not as evident as when they were first married.

So they begin to worry lest they are becoming prematurely old. This very fear is then almost certain to throw them into partial, if not, complete impotence.

You cannot think and "emote" simultaneously without having either your brain or your emotions surrender to the opposite force.

If you fear impotence, then this very mental state checks the normal emotional development that leads to passion.

As soon as a man gets into the frame of mind where he is checking upon his vigor, then he is sure to find it decline at an alarming rate.

IT REHOOVES a wise wife to realize, therefore, that it is her responsibility to wax more ardent and seductively aggressive when her husband passes the age of 40 (often even after 30 or 35 years).

She must remember, moreover, that there is no printed code of etiquette for the marital bedroom. Everything is proper which gets the desired results.

Many a doctor, as well as businessmen, has been ruined financially by the demoralization that results from fear of impotence. It drives them into alcoholism and gambling, reckless auto driving, etc.

But this fear is really needless. Any intelligent wife can usually correct this condition in a few minutes, but it demands seductive aggressiveness on her part, instead of the usual feminine passivity.

In Retrospect

"UNLOADED GUN"—At a public sale at the premises of Jacob Gilbert, East Whiteland township, Chester county, the auctioneer sold an "unloaded gun" to a man who upon being handed the weapon pulled the trigger. The gun went off and a number of persons at the sale were sprinkled with shot. No one was seriously injured.

SMALLPOX—Pottstown has one case of smallpox and he had been placed in the morgue at the Pottstown hospital with a Reading man as nurse. The school house at Buck Run Valley near Downingtown is being used as a pest house for smallpox patients.

EUCHE—The Ideal Athletic club held a progressive euchre in their club rooms in the Security building. Winners of prizes were Samuel W. Hoffer, Charles W. Quicksell and William A. Quicksell. The committee on arrangements consisted of S. W. Hoffer, Howard Smith and Howard Black.

25 Years Ago

STOCK SUNFISH—William A. Quicksell, vice president of the Pottstown Chapter of the Izaak Walton League and Grover Scheetz yesterday placed 2000 good size sunfish in Manataway and French creeks. The fish came from the Federal hatchery at Torresdale.

METAL HOUSE—Men from the McClintic-Marshall Construction company's plant here erected in three hours and 20 minutes the steel work of a home at Forest Hills, Long Island. In charge of the work were Walter Houston and Daniel Brunnish of Pottstown.

SERVICE FLAG—A service flag containing 15 stars was dedicated to the St. Matthew's Lutheran church, Ludwig's Corner, the Rev. Walter D. Guss, pastor. Taking part in the program were Oliver W. Mosteller, John Dries, Robert Morrison, Margaret Strickland and Florence Walleigh.

TREES AVAILABLE—It was announced that 16 million young trees are available for planting farmers in the states. They are of various species. Their planting is part of A.A.A. conservation program. Farmers are buying seedlings for \$4.50 per thousand and \$4.50 for transplants. It is expected many of the trees will be planted in Chester, Berks and Montgomery counties.

EGGS AIN'T CHICKENS SEASON

Hollywood

By EDITH GWYNN

HOLLYWOOD, Oct. 16 — Mitzi Gaynor, a bobby-sox favorite, seems to be busting out as a femme fatale. Two very well-known gents (no teen-agers, they!) have been chasing the gal. Whether this had anything to do with the breaking of her three-year troth to Richard Coyle, we dunno. George Jessel developed a crush on Mitzi while she was starring in "The I Don't Care Girl" for him.

When the picture was first previewed there were so many close-ups of her, top studio brass blew its collective top! A great deal of the opus was therefore re-made, according to "an unimpeachable source." All of this may or may not interest Howard Hughes! . . . Our mail tells us most people DON'T give a darn about who's going to make what picture months away. But Dewey Martin (under personal contract to Howard Hawks) is hot with the fans. So it may be of interest that he'll be starred in Ernest Hemingway's "The Sun Also Rises." Even though the novel won't be filmed till Spring, 1953. . . . We see Charlton Heston and his wife, Lydia Clark, at parties lately. She's an actress who's about to resume her career. She's also the image of Jan Sterling — or vice versa.

THE GWYNN REPORT: —Wouldn't take any bets on a wedding for Jose Ferrer and Rosemary Clooney at this point. Rosie, a swell gal, takes the average amorous talk too seriously—for one who sings live tunes as well as torch ballads. . . . Myrna Dell introduces John Raven as "my fiancé." But we think she's kidding. . . . The Rocky Marcianos will be Ma and Pa any edition. . . . Anna Magnani and Roberto Rossellini who used to go steady, are having talks. Professional talks, says a note from Rome. And some day the world will know how much Ingrid Bergman must really have loved R.R. to have weathered their emotional storms. In the beginning AND now!

STEVE CRANE and Mona Knox are headin' for a weddin' . . . Next bride for director Andre de Toth (ex of Veronica Lake) may be Macy Lou Stratton. . . . Joan Rice, the Walt Disney star, is going to marry rich Britisher, Martin Boyce. . . . Johnny Mover isn't exactly happy that his estranged Patsy may become Bill Burlingame's spouse when the final decree comes through. . . . You're only young once. After that you have to think up another excuse. . . . Helen Winston, finis with "City of the Hunted" wrote us a "Thank-you" for helping boost her into lots of good roles.

How's Your Mind?

THE ANSWER, QUICK!

1. Who saw a lady in a grotto at Lourdes.
2. In what state was the Alamo?

FOLKS OF FAME — GUESS THE NAME

Mitzi Gaynor

1. This psychologist and author was born in Worthington, Minn., but moved to the North Dakota-Montana border when he was a child. He attended Asbury college, Kentucky, and received his Ph. D. at Southern California university. After teaching at Florida university, California Institute of Technology and as senior psychologist with the Ninth Service Command in World War II, he was sent to Leavenworth prison, in Kansas, for a three-year research into addiction to narcotics. In 1951, his book about these experiences was published and became a "best seller." He is now professor of psychology at Los Angeles State college. Name him.

2. He is a veteran screen and stage actor, born in Walpole, Mass., in 1905. In college he specialized in applied psychology, and his first job was as property man with a vaudeville act. He played in "Seventh Heaven," "Street Angel," "Fazio," "Red Dancer of Moscow," "Daily Bread," "Lucky Star," "The River," "Sunnyside." Still more recently he has been appearing on television in My Little Margie. Of course you know his name. What is it?

ALL AROUND THE TOWN

Tough Times, These . . .

Study at Lafayette . . .

*** THIS 'N' THAT**—Of course, Walter Walski, the North Charlotte street shoemaker, was kidding. But he said it was hard to get shoe leather these days. All the good leather is going into steaks! . . . Ross Shinehouse will "manage" that Ike Eisenhower headquarters in the Merchants hotel. It'll be open every day. . . . Brooke Lessig, the textile tycoon, is working with Republican headquarters in Philadelphia. . . . William McCabe, the Pottstown high pedagogue, will speak at a Franklin school Parent-Teachers meeting. His subject will be "government," on which he speaks frequently in his high school classes. . . . Floyd J. Sisto, the airplane and helicopter motor maker, has renovated a home on the Limerick airport expanses and is living there now.

*** SCHOLAR**—William A. Glemmy, 1304 Queen street, is studying "on the hill" at Lafayette college, Easton. Julian S. Eldridge, Hill church, Royertown RD 1; Raymond J. Colesworth, Birdsboro RD 2, and Rollin Baer, Morgantown, also are students at the Maroon. . . . Cheryl Lord, the Pottstownian who won a place for herself in the Radio City Music Hall, New York, Rockettes, has moved over to the Roxy theater. . . . Albert Prince, the epicure, says if you're allergic to limburger cheese, here's a warning. You're apt to run across the stuff under the names of Backstein, Herve, Alqua, Lanark, Marlanhof, Morin, St. Michels, Schutzen Tanzenberg, Carinthian, Groltenhof, Emmerdsdorf, Lindenhof or Luttich. Maybe you'd like to carry the list for self-protection.

*** COMING**—While the cigaret buzzers are battling for the king size market, here's a note that a self-lighting cigaret soon will be on the counter. To light the smoke, you just rub one end of it on a chemical strip on the package. The development is in the stage where a plant is being built on the west coast to manufacture it. And the inventor claims the self-lighting feature will cost only one cent more for five cartons of cigarets. . . . Reminds that a high street tobaccoist is selling "presidential cigarets." One package is made for Ike adherents, and a second is for Adlai boosters. The same type cigaret is in each pack!

*** HINT**—If you're bothered with static electric shocks now that the heat's on, put away those crepe-soled shoes. Kicks with non-conductive soles let you build up strong charges of electricity, and you'll spark all over the place. You might try putting the kettle on, too. Dry air builds up more static. An oddity is that every now and then, one individual has the faculty for building up powerful charges. Strangely enough, the proper diet can reduce that faculty.

*** KUTE KIDDIE KRACK**—Mrs. Michael Mallock, Lee avenue matron, took her two sons, Michael, 5, and Thomas, 3, to a high street bootery to get fitted for shoes. The clerk put the kiddies' feet into one of those "X-ray" machines, and while packing the shoes, noticed the children were playing with the machine switch. "Tommy," asked his mother of the smaller child "Did you touch that switch?" "No, mother," answered the child. Then the clerk explained: "We have that sign on the machine so children won't play with it," and pointed to a huge warning card. Michael, the five-year-old, but the big man of the family, first looked at the clerk and then at his little brother Tommy. "He's too little to read, Mister," he announced.
